MESSAGE FROM OUR PRESIDENT

Our nation and our world are faced with tremendous challenges—challenges that sometimes can seem insurmountable. But know this: the plans of God will not be thwarted! God is doing remarkable things through those who desire to serve Him.

This is why I founded Regent University—to provide you with a place to sharpen your skills and prepare you to help transform the world through Christian leadership.

Regent University is an academic environment where Christian leaders are taught to discern and respond to the times. And through the years we have created a university that is a leading center for thought and action. Our graduates are servant leaders who are providing godly solutions to many of the challenges we face as a society.

If there were ever a time to get involved in a worthy cause, this is that time. Regent University exists for such a time as this. America—and the world—need Christian leadership, and you may be one of those leaders.

I invite you to seize this opportunity. Be a part of what God is doing in these dramatic days. Cooperate with God and become a leader to your generation. And know that we at Regent University stand ready to assist you in fulfilling your academic and professional goals.

Dr. M. G. “Pat” Robertson
President and Chancellor
MISSION STATEMENT

Preamble
Regent University is an institution of higher learning that exists to bring glory to God the Father and His Son Jesus Christ through the work of the Holy Spirit.

Mission
Our mission is to provide excellent graduate and undergraduate education from a global, biblical perspective in pivotal professions to equip Christian leaders to change the world, and to be a leading center of Christian thought and action.

Vision
Our vision, through our graduates and scholarly activities, is to provide Christian leadership in transforming society by affirming and teaching principles of truth, justice and love as described in the Holy Scriptures, embodied in the person of Jesus Christ and enabled through the power of the Holy Spirit. Soli Deo Gloria.

PHILOSOPHY OF EDUCATION
Regent University is a Christ-centered institution. The Board of Trustees, as well as the faculty and staff of the university, is committed to an evangelical interpretation and application of the Christian faith. The campus community is closely identified with the present-day renewal movement, which emphasizes the gifts, fruits and ministries of the Holy Spirit.

It is expected that our students will both understand and agree to receive an education in accordance with the following articles:

• That the Holy Bible is the inspired, infallible and authoritative source of Christian doctrine and precept.
• That there is one God, eternally existent in three persons: Father, Son and Holy Spirit.
• That man was created in the image of God but as a result of sin is lost and powerless to save himself.
• That the only hope for man is to believe on the Lord Jesus Christ, the virgin-born Son of God, who died to take upon Himself the punishment for the sin of mankind, and who rose from the dead, so that by receiving Him as Savior and Lord, man is redeemed by His blood.
• That Jesus Christ will personally return to earth in power and glory.
• That the Holy Spirit indwells those who receive Christ for the purpose of enabling them to live righteous and holy lives.
• That the Church is the Body of Christ and is comprised of all those who, through belief in Christ, have been spiritually regenerated by the indwelling Holy Spirit. The mission of the church is worldwide evangelization and the nurturing and discipling of Christians.

HISTORY OF THE UNIVERSITY
Dr. M. G. “Pat” Robertson, founder and president of the Christian Broadcasting Network (CBN), had an inspired vision of establishing a graduate-level institution that would train mature men and women for the challenge of representing Christ in their professions. In 1977, that vision materialized when CBN University was incorporated as a nonprofit educational institution in Virginia Beach, Virginia. In the fall of 1978, 77 students began classes in modest, rented facilities.

By October 1989, CBN University had grown from a School of Communication and the Arts to seven professional schools with nearly 800 students. On January 1, 1990, in recognition of this growth, the Board of Trustees voted to change the name of CBN University to Regent University. A “regent” is one who represents a king in his absence. For us at Regent University, a regent is one who represents Christ, our Sovereign, in whatever sphere of life he or she may be called to serve Him.

The university has grown to some 4,000 students earning bachelor’s degrees, master’s degrees, or doctoral degrees at our Virginia Beach Campus, Washington D.C. Campus in Alexandria, Virginia (through the academic year 2007-08), or online via the worldwide web.
STATEMENT OF ACADEMIC FREEDOM

Academic freedom at Regent University is framed by the context of the university’s mission statement and statement of faith and is consistent with the standards and norms stated in the academic freedom policy. Each faculty member is free to pursue truth within his or her discipline by research, discussion, and other forms of inquiry. This freedom carries a responsibility to truth, to scholarly integrity, and to one’s students. The full policy is published in the Faculty and Academic Policy Handbook.

FREEDOM OF EXPRESSION

Regent University holds that the right of expression is as necessary as the right of inquiry and that both must be preserved as essential to the pursuit and dissemination of knowledge and truth. Consequently, university members, individually and collectively, may express their views through normal student, faculty and administrative channels of communication.

Students, particularly those producing theses, dissertations, portfolios, and other creative works, may pursue truth within their disciplines by research, discussion, and other forms of inquiry. Exercising academic freedom requires a responsibility to truth and scholarly integrity, as well as complete honesty and loyalty to the Mission Statement, Standard of Personal Conduct, and the Student Honor Code (see the Student Handbook).

STANDARD OF PERSONAL CONDUCT

Regent University encourages a close and edifying relationship between faculty and students, one that will deepen the spiritual growth of each and stimulate a vigorous intellectual life in the Regent community. In order to accomplish these aims, it is imperative that Regent University faculty, staff, and students conduct themselves in a Christ-like and professional manner and maintain an exemplary and involved lifestyle. Regular church and chapel attendance, and participation in the activities of the Regent community and its founding organization, are encouraged for students and expected for faculty and staff. In addition, the following expectations apply:

- Regent University requires members of the Regent community—faculty, staff and students—to refrain from the illegal use of drugs and the abuse of addictive substances controlled by law.
- Regent also forbids the use of alcohol, illicit drugs and tobacco on campus and prohibits the abuse of these substances by the Regent community. The Apostle Paul exhorted the body of Christ that, if they truly loved their fellow man, they would set aside their personal freedom by refraining from behavior that might be a stumbling block to their weaker brother. Regent University encourages members of the Regent community to exercise their personal responsibility and, guided by Paul’s admonition, appropriately set aside their personal freedom and refrain from the use of alcohol, illicit drugs and tobacco. The full substance abuse policy is printed in the Student Handbook.
- Student discipline: Enrolled students are expected to conduct themselves in a manner consistent with the Honor Code and the Standard of Personal Conduct. Students shall be disciplined for actions that violate these policies which include, but are not limited to, academic dishonesty, theft or misuse of property, threats to the health and safety of others, abuse or intimidation, sexual misconduct, violation of housing rules or regulations or conduct deemed unlawful. The Student Discipline policy is printed in the Student Handbook.

CAMPUS FACILITIES

The Virginia Beach Campus is comprised of six stately Georgian buildings. The campus is a fascinating study of architecture accented with arched windows and hand-hewn brick. It is located just a few miles from the Chesapeake Bay and the Atlantic Ocean, skirted by 28 miles of beach. Guests can also visit a 360° virtual campus tour at www.regent.edu/admin/media/virtual.html. Beyond the main campus, others are earning Regent degrees through
Regent’s online Worldwide Campus and at Regent’s Washington, D.C., campus in Alexandria, Virginia (through the academic year 2007-08).

Built in 1979, the Administration Building was the first building of Regent University. It houses the Office of the President, the Office of Academic Affairs, the Business and Finance Office, Administrative Services, Facility Services, Human Resources, Advancement Office, Creative Marketing, Public Relations, and the School of Education, including classrooms and a large multipurpose classroom/assembly hall.

Built in 1986, the Classroom Building contains the School of Undergraduate Studies (admissions and advising as well as faculty offices), the School of Business, the School of Psychology and Counseling, the Psychological Services Center, and a Psychology and Counseling teaching lab, in addition to numerous classrooms and seminar rooms.

Dedicated in 1984, the University Library is a four-story building that contains the School of Undergraduate Studies (academic affairs and faculty offices), library collections, an electronic reference center, listening rooms, curricular laboratories, a special collections area, a Psychology and Counseling training lab, a general-use computer lab, an auditorium, individual and group study areas, a prayer chapel, and a beautiful two-story, multipurpose atrium. The Law Library is located on the third floor. Mail Services and Copy Services are also located in the building.

Dedicated in the fall of 1994, the four-story Robertson Hall is equipped with the latest technology in audio/video equipment and cameras for simultaneous broadcasting and has both tiered and seminar-sized classrooms. Robertson Hall houses the School of Law, the Robertson School of Government, the School of Leadership Studies, and the School of Divinity. The building also contains a 376-seat moot court/city council chamber, various student organizations and the offices for the American Center for Law and Justice (ACLJ).

Opened in the summer of 2002, the new 140,000-square-foot Communication and Performing Arts Center houses the School of Communication and the Arts. The state-of-the-art center includes a 750-seat proscenium theatre, a 150-seat experimental theatre, TV studio, sound stage, costume and scene shops, acting and dance labs, two film-screening theatres, a complete film production suite, a computer graphics animation studio, and a journalism newsroom. In addition, the Information Technology and Media Services group and the Center for Teaching and Learning are located on the third floor.

Completed in fall 2002, the Student Center houses the offices of Student Services, Central Financial Aid, Central Enrollment Management, and the university Registrar. In addition, the newly expanded University Bookstore, Writing Center, Council of Graduate Students offices, student lounge, and new dining facility are housed on the building’s first floor.

In January 2001, Regent opened Regent University - Washington, D.C., a five-story building located across from the King Street Metro stop in Old Town Alexandria. Regent University - Washington D.C. is northern Virginia’s only center for conservative Christian higher education; it offers students an opportunity to study just minutes from the nation’s capital.

SCHOOL OF UNDERGRADUATE STUDIES

DEAN'S MESSAGE
Welcome to Regent University and the School of Undergraduate Studies. For many years Regent has been considered "America's premier Christian graduate university." From a humble start, the school has grown to a dynamic learning community that includes more than 5,000 students. Regent students can be found taking online classes or on the picturesque campus in Virginia Beach, VA. Some do both!

Today Regent is embarking on an even greater journey with comprehensive undergraduate programs in several key disciplines. Regent’s program is characterized by high quality academics infused with a Christian worldview that truly prepares our students to be "Christian leaders that will change the world." Regent accomplishes this mission with a progressive curriculum, beautiful facilities, and state-of-the-art technology. However, at the core of any great institution stands a talented and gifted faculty. Regent has faculty members that come with world-class educations, experiences, and talent that they are eager to share with students.

The 21st century is going to be one of rapid technological advancement and dynamic social change. College graduates will have to contend with accelerating change and globalization as no generation before them. A Regent education, both rigorous and grounded in timeless biblical principles, will prepare students to take their place as Christian leaders. We pray that your experience at Regent University will help you to find God's direction for your life in this new world.

James R. Downey, Ph.D.

**Standards**

Regent University welcomes applications for admission from qualified high school graduates (or individuals who have attained the General Equivalency Diploma) who want to attend college in an atmosphere of high academic standards and Christian faith. In selecting students for admission, Regent University looks for potential for academic success, the capacity and desire to learn, and evidence that the individual will thrive in a Christ-centered academic environment.

Admission decisions for the School of Undergraduate Studies programs are based on an assessment of academic transcripts, writing assessment, and SAT or ACT scores. Regent University seeks academically qualified students who are mature, highly motivated, and who have personal goals consistent with the program’s mission and goals. Applicants accepted for Fall 2006 had an average SAT score of 1045 and a cumulative high school GPA of 3.01.

The best qualified students normally have taken a high school curriculum consisting of the following:

- English: 4 Units
- Mathematics: 3 Units (Algebra, Geometry, Algebra II)
- Science: 3 Units

International Students

The following is to supplement the University Admissions requirements mentioned previously for all non-immigrant applicants and outlines additional information and materials necessary to be eligible for admission to Regent University as an international student.

Non-immigrant applicants are defined as those applicants who are not citizens of the United States and are not seeking to become citizens or permanent residents of the United States. Non-immigrant applicants are required to submit financial statements and are subject to other requirements. All other visa types may not need to submit financial statements. Please contact Central Enrollment Management for further clarification. The following requirements are subject to change in order to meet United States Citizenship and Immigration Services (USCIS) regulations. Initial enrollment should occur during the fall term whenever possible; both for undergraduate and graduate students, due to the extensive mandatory SEVIS Orientation offered each fall semester. The school’s director of admissions is responsible for obtaining necessary approvals from the school’s dean for any exceptions to policy.

**International Students Admission Requirements**
In addition to the admission requirements mentioned previously, international applicants must comply with the following:

1. In order to provide prospective students with sufficient time to apply for the student visa, Regent University should receive admission materials six months prior to the anticipated semester of enrollment. This will provide adequate time to process the application, determine acceptance and admittance decisions, and issue the SEVIS I-20 or DS-2019.

2. All application materials must be completed in English, or have appropriate English translations attached.

3. An applicant must have completed a bachelor’s degree from an accredited U.S. post-secondary institution or the equivalent degree from a foreign institution (16 years of formal education).

4. The applicant must meet the normal minimum undergraduate GPA requirements or provide evidence of equivalent academic performance if a standard grade point system was not used.

5. Transcripts from all previously attended educational institutions are a necessary part of every application. Transcripts should be sent directly to Central Enrollment Management from previous educational institutions. Regent University requires official transcripts, which is defined as being received by the university in a sealed envelope directly from the previous educational institution or the evaluating agency. Transcripts from foreign institutions must include an English translation (if necessary) with a course-by-course evaluation from an official, U.S.-based evaluation service, and be converted to the American Grade Point Average System. The translation and evaluation fees must be paid directly to the agency performing the service. Please see the International Admissions website for a list of recommended evaluators (www.regent.edu/admissions/international).

6. Applicants whose native language is not English must take the Test of English as a Foreign Language (TOEFL®) and score a 577 (paper), 233 (computer), or 90 (iBT) or higher to be considered for admission. Those who have taken the TOEFL® and scored a 577 (paper), 233 (computer), or 90 (iBT) or higher need not take the test again. Applicants who have previously taken the TOEFL® and scored less than 577 (paper), 233 (computer), or 90 (iBT) may and should retake the test to achieve the required score. The test should include the Test of Written English (TWE).

TOEFL® test scores of international applicants are not required in the following instances:
- nonnative speakers who hold degrees or diplomas from postsecondary institutions in English-speaking countries (e.g., the United States, Canada, England, Ireland, Australia, New Zealand);
- nonnative speakers who have successfully completed at least a two-year postsecondary course of study in which English was the language of instruction;
- transfer students from institutions in the United States or Canada whose postsecondary academic course work was favorably evaluated in relation to its demands and duration;
- nonnative speakers who have taken the TOEFL® test within the past two years and met Regent standards;
- non-native speakers who have successfully pursued postsecondary academic work at schools where English was the language of instruction in an English-speaking country for specified period, generally two years.

Please see www.toefl.org for testing information and scheduling.

7. Recommendations must include an assessment of the applicant’s English ability.

8. Applicants must register for and take any entrance test required by the school to which they are applying.

9. Applicants must complete the Supplementary International Application packet and include all pertinent non-immigrant information for USCIS reporting.

10. Applicants must complete a Certification of Financial Responsibility form certifying adequate finances (based on current costs) for at least the first year, and indicate how they will meet expenses for subsequent years of study if necessary. If the applicant has one or multiple sponsors, all must complete the Sponsor Financial Support Affidavit, and return it to Central Enrollment Management.

11. Applicants who cannot come to Regent University for interviews must interview by phone with the director of admissions and a faculty member of the desired school of enrollment or other appropriate representative of the school.

12. Applicants should retain a copy of their application materials for their records.

13. Ordinarily international students may not be admitted “provisionally” or “conditionally.”

**International Transfer Students**

1. According to USCIS definitions, the following applicants are considered Transfer students:
   a. If currently attending a school in the U. S. on an F or J visa, and changing schools.
b. If changing degree levels: for instance moving from Masters’ program in one school to Ph.D. level/program in another school.

c. If changing degrees: for instance finishing one doctoral degree and beginning another at a new institution.

2. The applicant’s current institution’s Designated School Official (for F-1) or Responsible Officer (for J-1) should fill out a DSO Release Form for International Transfer Students and mail it to the Regent University DSO in Central Enrollment Management. Because of federal deadlines with immigration transfer procedures, this form should be submitted to Regent’s CEM office within 30 days after the student completes his/her studies at his/her latest U.S. institution.

3. The applicant should include copies of the current immigration documents with their application materials: I-20 form or DS-2019 form, U. S. Visa history, I-94 card, work permit, etc.

Visa and Passport Information for Citizens of Canada, Bermuda, and Mexico

According to USCIS regulations, these citizens are no longer allowed to enter the United States to study as a tourist in the B-1/B-2 immigration status. To apply for (F-1) or (J-1) student immigration status, citizens of Canada, Bermuda, and Mexico must meet all international student requirements in order to receive a SEVIS I-20 or DS-2019 from Regent.

Please note that a visa is not needed for Canadian or Bermudan citizens to enter the United States. The SEVIS I-20 or DS-2019 form will be sufficient, unless the student is coming into the United States from outside the Western Hemisphere. As of 1/23/07 all citizens of Canada, Mexico, and Bermuda are now required to have a valid passport when entering the U.S. by air/at any airport. As early as January, 2008, the passport requirement may also be extended to the same citizens who are entering the U.S. by land or sea as well. Those arriving by land/sea prior to January, 2008 who do not have a passport should have a driver’s license and/or passport certificate available.

International Students and Residency

Residency is a term that Regent University uses to describe the portion of an on-line academic program that meets on campus for intense study during a one to four week period of time. Residency may be one week in length during the first year of the program or it may be one or two weeks in length each year of the program depending on the academic program requirements. For each residency, financial support is required for the amount of time spent at the Regent University campus.

If an international student is traveling to Regent University from his or her home country or from outside the U.S. for residency, an F-1 visa is required for that time period. In order to obtain the visa for a program’s first residency, all required documentation included in the Application and the Supplementary International packet must be submitted to Central Enrollment Management (for new students) so that an I-20 can be issued to the student. The I-20 is required for the F-1 visa application. For each residency thereafter, returning residency students are responsible for making sure their I-20s are still valid and are up-to-date. In addition, the I-20 must have a valid travel signature for “reentry” purposes from Regent’s Designated School Official at the bottom of Page 3. This signature cannot be not be more than 12 months old by the date the student will return to the U.S. If the student’s finances have changed, the student will need to submit a Request for an F-1 SEVIS I-20 along with a Financial Affidavit Form and proof of finances. For returning residency students, these documents must be submitted to the Office of International Student Services at least 45 days prior to the start of the next residency. All SEVIS related forms are available on the OISS website (www.regent.edu/oiss).

Special Notes:

--Students from Canada & Bermuda, Bahamian Nationals, & British Subjects in the Bahamas, Cayman, Turks, or Caicos Islands do not need an F-1 visa, but will need the Regent I-20 to apply for the F-1 student immigration status at the U.S. Port of Entry. Students admitted to Regent University should NOT enter the U.S. in the B-1/B-2 tourist status to attend classes at Regent because you will not be able to enroll at the University in the tourist status.

--Due to immigration rules, students who are in F-1 immigration status cannot remain in the U.S. for on-line programs which do not meet on campus during the fall and spring terms. These students must depart the country for those semesters.

International Admission Process

Academic acceptance: Once all application requirements are met, the applicant’s file will be sent to a faculty committee for review. Upon review of the applicant’s file, a decision will be made on whether or not the applicant meets Regent University’s academic requirements and will issue an academic decision. International students should not book their flights to the U.S. until they know the dates of the mandatory International Student Orientation program.
University Admission - Once academically accepted, an Enrollment Deposit of $5,500 U.S. dollars ($4,000 will be applied toward tuition for the first semester of study). When the deposit is received and all financial documentation is verified, the applicant will be considered admitted to the University. Regent University will then issue the SEVIS I-20 or DS-2019 to the student.

Conditions for Issuing SEVIS Forms I-20/DS-2019

Before Regent University can issue the SEVIS Forms I-20/DS-2019 to an applicant, the following conditions must be met:

1. Academic acceptance for admission to Regent University must be granted at least four months prior to semester of enrollment. Only “regular” acceptance can be considered. “Provisional” or “conditional” acceptance may not be permissible.

2. Regent must receive Personal Certification of Financial Responsibility and, if applicable, the Sponsor Financial Support Affidavit documents, verifying that the applicant’s financial resources meet the financial needs for their first year of study.

3. Regent must receive the applicant’s $5,500 enrollment deposit to Regent University. Of this amount, $4,000 will be applied to the student’s account for the first semester’s tuition. The balance of $1,500 will be held as a deposit by Regent University (without interest) for the duration of enrollment at Regent University and may be applied against unpaid fees and expenses (including, without limitation, any charges that Regent University may be required to pay on your behalf or on account of your status with Regent University) that the student incurs. A deposit is required of all applicants unless waived by the school’s dean. If a student receives a full tuition from any Regent school, then the enrollment deposit will be $2,000 from which $1,500 will be held as a deposit by Regent University (without interest) for reasons mentioned above.

4. Verification that the student and dependents will maintain an insurance policy with coverage for Accident/Illness ($50,000), Medical Evacuation ($10,000) and Repatriation of Remains ($7,500) through Regent University’s student insurance company.

The following deadlines apply for submission of all required items before an I-20 may be issued:

1. For initial attendance students: May 15 for fall term enrollment; October 15 for spring term; and February 15 for summer term.

2. For transfer or continuing students: June 15 for fall term enrollment; November 15 for spring term; and March 15 for summer term.

3. For change of visa status: May 15 for fall term enrollment; September 15 for spring term; and February 15 for summer term.

Mandatory International Student Orientation

At the beginning of each fall and spring semester, the Office of International Student Services (OISS) offers a mandatory international student orientation, which all new and transfer F-1 and J-1 students are expected to attend. F-1 and J-1 students should not book their flights to the U.S. until they have checked the dates of the International Student Orientation program for the semester they were admitted to Regent. Students who are admitted to Regent for the summer term must attend the fall orientation in August. Details regarding the International Student Orientation can be found on the OISS website at: www.regent.edu/iss

Admissions Processes

Processing and Notification

It is the applicant’s responsibility to ensure that all required information is submitted to the School of Undergraduate Studies Office of Enrollment Management. The Admissions Committee will review applicants’ records when all information is complete. Applications are reviewed and evaluated in the order in which they are received. Admission decisions will be communicated to applicants in writing as soon as possible after the decision has been made, typically within one or two weeks. Admission to the School of Undergraduate Studies is decided on a rolling basis; completed applications submitted early are prioritized. Students are thus encouraged to complete and submit their applications as early as possible. If an application, or any of its supporting materials, is received after the application deadline, the Admissions Committee will request the applicant to indicate if he or she prefers to defer enrollment or to withdraw the application altogether.

Readmission
Former students who have not been enrolled for one calendar year or more and who desire to re-enroll in the same degree program to which they were originally admitted should apply for readmission through the Admissions Office. Such students should submit a readmission application. Students who have not been enrolled for more than one year must meet the degree requirements current at the time of readmission. Regent students, former students, or graduates who seek admission to a different degree program than that of their last term of enrollment must contact the admissions office of their new school of interest.

**Reactivation**

Students who have been inactive for less than one (1) calendar year and who wish to re-enroll in the same degree program must submit a reactivation application prior to being permitted to register.

**Transfer of Undergraduate Credit**

Regent University welcomes and accepts college-level transfer credits awarded through other colleges and universities holding regional accreditation status via MSA, NWCC, NWACS, NEASC, SACS, and WASC accrediting bodies. Regent also reserves the right to accept college-level transfer credits awarded by CHEA (Council for Higher Education Accreditation) accredited institutions, approved entrance level examinations (i.e., CLEP/DANTES), military credit, and credits from other institutions of higher learning that meet Regent University standards or with whom Regent has an articulation agreement. Such institutions include those accredited via TRACS, DETC, ACICS, ACE, ABHE and ATS. The following standards and processes apply:

1. The total transfer credits to complete the degree may not exceed ninety (90), and students must complete at least thirty (30) credits at Regent in order to earn a baccalaureate degree. At least twenty-four (24) semester hours must be completed in the major field of study at Regent University.
2. Except for schools and/or accrediting agencies that have been specifically identified by Regent for transferability, only work from a regionally accredited school with a grade of C (2.0 on a 4 point scale) will be accepted in transfer. Regent University reserves the right to accept credits for a lower number of credits than the number given at the original institution.
3. Verification of all transfer credits and grades is done using only official transcripts sent directly by the institution or testing agency, without exception. If a student has earned credits at a regionally accredited institution through successful completion of courses that are significantly similar to courses at Regent University, the courses will be reviewed on a course-by-course basis by Regent University to determine eligibility for transfer.
4. Transfer credits may be counted only once toward credit requirements at Regent University.
5. Courses that do not apply to a student’s degree program (either as electives or as specific degree requirements) will not be accepted, nor will courses typically labeled “student development,” “career,” or similar orientation courses. Regent University also does not accept transfer credit for remedial or sub-introductory (below 100-level) courses nor credits granted for varsity sports participation. Credits from regionally accredited institutions will be considered for transfer when Regent does not offer an equivalent course, provided that the transferred course is within the general framework of the liberal arts curriculum. Courses that are academic in nature, not specifically vocational training courses, will be accepted. Some vocational courses that have academic content, such as anatomy and physiology, as well as approved military training, may be considered, up to twenty-one (21) credit hours.
6. When transfer courses are approved, the name of the institution where the credits were earned and the credit category are entered on the Regent University transcript. However, the grades are not entered on the transcript and are not used in the calculation of the Regent University cumulative GPA. Courses transferred as “P” or “S” will be considered as earned credit but will not affect the grade point average or graduation honors.
7. If transfer credit is received in lieu of a Regent University course and the student subsequently registers at Regent University for the same course, the credit originally awarded is void.
8. At least seventy-five percent of a student’s coursework for the major must be completed through Regent University. Students wishing to complete a minor at Regent University must complete all of the required credits for the minor at Regent. Fifteen (15) credits of the minor must be unique to that minor program. In addition, for students wishing to complete a second undergraduate major at Regent University, at least seventy-five percent of the coursework required for the second major must be unique to that major program.
9. Transfer students who have earned the Associate in Arts or Associate of Science degree and who meet the minimum requirements for admission to Regent University will receive transfer credit for all eligible courses taken from regionally accredited colleges and those institutions specifically identified by Regent University for transferability, recognized as direct transfer programs, subject to normal transfer credit policy. Students holding the A.A. or A.S. degree are required to take GENE 101 Contemporary Problems for Christian Leaders as well as RELS 107 Christian Worldviews, which are courses specific to the mission of Regent University. Regardless of whether the student holds an associate’s degree, no more than ninety (90) semester hours may be transferred from other colleges and universities.

10. A minimum of sixty (60) semester hours of transferable credit with a minimum grade of “C” (2.0 on a 4.0 scale) will permit a student to enter with junior classification; a minimum of ninety (90) semester hours of transferable credit following these standards allows a student to enter with senior status. Students transferring with senior status from another institution must successfully complete at least twenty-four (24) hours in the major at Regent. All students seeking degrees must meet the requirements outlined under “Graduation Requirements” regardless of total credit accepted in transfer.

11. Transfer students must be in good standing academically, socially, and financially, with all institutions previously attended. A student transferring from another institution and who has been placed on academic probation/warning for the previous semester will be automatically placed on academic probation at Regent University. Regent reserves the right to place transfer students automatically on academic probation if they were on academic probation for the previous semester at another institution.

12. Regent University reserves the exclusive right to determine the acceptability and applicability of all transfer credits. The university reserves the right to deny credit for coursework taken by the student prior to admission if it is identified and presented after transfer. Regent University reserves the right to refuse acceptance of course credits when those credits were earned more than ten years prior to the date on which the student applies for transfer and when, in the judgment of the academic dean or department chair(s), the knowledge and skills gained in the course are deemed to be out of date or in need of verification. Students are invited to demonstrate competencies gained through such courses through CLEP or other approved examinations and thereby gain course credit.

Questions regarding university policies on transfer credit or the applicability of specific courses for credit should be directed to the university Registrar’s Office.

**Additional Opportunities for Gaining College Credit**

Beyond the option to transfer in credit, Regent University provides several opportunities through which students may reduce the overall time spent in completing degree requirements, and/or gain academic credit applicable to their degree program, so that they may enrich their educational experience.

*Early College*

At the discretion of the dean, a student may be enrolled in the School of Undergraduate Studies courses as an Early College student. The Early College program is for those who have not received a high school diploma (or its equivalent) or completed an approved home school program. Applicants must complete the Early College Application, ensuring that the application has been reviewed and signed by the high school principal or home school advisor. Applicants must provide an official copy of the high school/home school transcript and/or results of home school tests provided to state officials. Early College applicants are admitted under a non-degree status and are limited to taking 60 credits with Regent University. Upon graduation from high school, any Early College student may apply for acceptance into one of Regent’s approved undergraduate degree programs through the regular admissions process. Early College status is not a guarantee of regular admission as a degree seeking student. Early College students are not eligible to receive financial aid. The courses taken as Early College may be transferable to the School of Undergraduate Studies bachelor programs.

*Credit by Examination*
Students may apply credit earned through successful completion of approved credit-by-examination programs, as described below. A maximum of 30 semester hours of credit may be applied to the bachelor’s degree through any combination of these programs.

1. **Advanced Placement Program (AP):** Sponsored by the College Entrance Examination Board, the Advanced Placement Program enables students who earn a score of 4 or 5 to earn college credit applicable to the Regent University baccalaureate degree. The university awards credit equivalent to Regent courses, as determined by the academic departments. The tests are offered each spring to students who have taken high school courses equivalent to college courses. Official test results must be sent to Regent University. Inquiry concerning the tests should be directed to the high school guidance counselor or to the Advanced Placement Program, [www.collegeboard.com](http://www.collegeboard.com).

2. **College-Level Examination Program (CLEP):** The College-Level Examination Program (CLEP) enables students to demonstrate proficiency in specific subject areas. Students who earn scores equivalent to grades of "C" or better may have credit applied towards graduation requirements. Students should make arrangements by August 1 to take any CLEP subject area examination at a CLEP testing sight before the school year begins. For more information, contact the Undergraduate Admissions Office.

### Enrollment Status Classification

**Regular**

Applicants who meet the above admissions criteria, who satisfy all admissions requirements, and who intend to obtain a degree from Regent University may be admitted with a regular enrollment status. Students admitted with a regular status are eligible for all forms of scholarships and financial aid and School of Undergraduate Studies scholarships and grants, provided other eligibility criteria are met.

**Provisional**

If the Admissions Committee believes that the applicant has the potential for success in the School of Undergraduate Studies programs but he or she does not meet all of the regular standards for admission, the applicant may be accepted on a provisional enrollment status. Students admitted provisionally must register for no less than 3 and no more than 6 credit hours during each of the first two sessions of enrollment. Provisional students may be eligible for some forms of financial aid and some School of Undergraduate Studies scholarships and grants.

A student’s provisional enrollment status will be evaluated after the first semester of enrollment. If the student achieves a cumulative GPA of 2.0 during the first semester of enrollment, the provisional status will be removed, and the student’s enrollment classification will be changed to regular status. If the provisional student does not achieve a cumulative GPA of 2.0 during the first semester of enrollment, the student will be subject to academic dismissal.

**Conditional**

Applicants who have not submitted all official, required documents for admission, or who have submitted one or more unofficial documents, may be admitted with a conditional enrollment status. Conditional students may be eligible for some forms of financial aid and some School of Undergraduate Studies scholarships and grants.

Students admitted conditionally must submit all required admissions material by the end of the first semester of study. Students will not be eligible to register for a second semester with a conditional enrollment status. When all required documents have been received by the University, the student’s enrollment classification will be changed to regular status.
Non-Degree or Professional Development Status
Students may enroll in the School of Undergraduate Studies on a non-degree basis for the purpose of professional or personal growth. Professional Development applicants are not considered for admission as regular degree-seeking students but rather, they are classified as non-degree Professional Development students and may take a maximum of 18 credits. Professional Development students are not eligible to receive financial aid. Courses for Professional Development students are posted on a non-degree transcript. Should a Professional Development student wish to take more than eighteen (18) credits outlined below, he or she must first apply and be accepted as a degree-seeking student. If a Professional Development student is accepted to an undergraduate degree program in the School of Undergraduate Studies, the student must petition in writing to have those credits count toward the bachelor’s degree.

Individuals seeking Professional Development status need to submit the following:

1. A signed Professional Development Enrollment Application/Registration form.
2. Verification of high school diploma or equivalency certificate.
3. A $25 non-refundable application fee.

Nondiscriminatory Policy
Regent University admits students of any race, color, gender, religion, national or ethnic origin, to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. Regent University’s policies governing the admission of students relate to its mission statement, but are not applied to preclude a diverse student body in terms of race, color, religion, national origin, or gender.

TUITION AND FEES
Tuition includes the cost of tuition, ID card, and most academic services. It does not include portfolio assessment or fees listed below.

- Tuition: $420/credit hour.
- Nonrefundable application fee: $50.
- Parking Fee: $25/term
- Late payment fee/late registration fee: $100 (applied if registration occurs after official start of the term or to all unpaid accounts after the term payment deadline).
- Graduation Fee: $60.00
- Tuition Installment Plan (TIP): One-time setup fee ($60 for fall, $45 for spring and $30 for summer).

*The School of Undergraduate Studies reserves the right to adjust tuition and fees annually with the institution of each academic calendar year (effective each fall term). The School of Undergraduate Studies also reserves the right to extend formal discounts to participating organizations for which it has formal articulation and/or partnership agreements. Tuition may vary based on these agreements and scholarships that are generally available to students enrolling in the School of Undergraduate Studies programs.

Tuition Installment Plan (TIP)
The Tuition Installment Plan (TIP) is a monthly payment plan available to any student unable to pay in full at the start of each term. Payment of tuition and fees is spread out over the length of a term. Regent’s TIP allows students to budget more easily their cost of education on a monthly basis. The first payment is to be made by the term payment deadline with the remaining 3 payments (2 in the summer) made via automatic direct draft from the student’s checking or savings account. A payment contract, which includes an automatic payment schedule, is signed at the time of initial payment.

Refund Policy
Charges are incurred upon completion of course registration. Students withdrawing from courses are entitled to refunds according to the following schedule:

| Before course starts through end of first week | 100% |
Start of second week through end of second week | 50%
---|---
After start of third week | No refund

Payments and Late Fees
Payments can be made in cash, by check, or with VISA, MasterCard, or Discover credit card. An automatic tuition installment plan (TIP) is also available (see below).

A student is not permitted to register and/or continue for a new term until the account balance is paid or satisfactory arrangements are made with the Business Office.

Transcripts and diplomas will not be furnished until the student’s account balance is paid in full.

Fees are charged to students who register late or who pay tuition past the published term payment deadline:

- A $100 late fee will be charged to any returning student who registers for a course after the term start date of the University’s published start of term.

- A $100 late fee will be assessed to all student accounts with a balance after the payment deadline unless:
  - A signed TIP contract and the first payment have been received by the Business Office
  - Federal financial aid funds have been certified by the term payment deadline AND the certified funds will cover all tuition charges

**FINANCIAL AID**

Regent University offers a decentralized financial aid program. Awards for which students in all schools are eligible are awarded through the Central Financial Aid Office. Awards that are unique to each school and/or program of study are awarded by the student’s school of enrollment. Students should contact their school of attendance to inquire about financial aid offerings unique to their school.

The Central Financial Aid Office administers the following programs: federal and private education loans; the Virginia Tuition Assistance Grant Program (TAGP); the university-wide endowed scholarships; and the Federal Pell Grant Program (undergraduate students only) and PLUS Program. Students should apply and/or re-apply annually for these financial aid programs.

**Important Financial Facts**

- It is the responsibility of each student to make sure he or she has sufficient funds to cover all tuition and other fees by the payment deadline of each term. Federal financial aid is not available to students taking fewer than 6 semester hours in any given term.

- All federal monies received will be automatically applied to the student’s account. A refund check will be issued for all monies over and above the current term balance.

- Students can request in writing to the Business Office that all refunds from federal funds be left on their account for future term payments.

**Federal Financial Aid**

Regent University students may apply for assistance through the Federal Stafford and PLUS Loans. The University also offers a variety of alternative education loan program options through private lenders.

To have eligibility determined for a Stafford loan, the student must complete a Free Application for Federal Student Aid (FAFSA). Students pursuing a loan for the next academic year (beginning with the fall semester) should submit the FAFSA as close as possible to, but not before, January 1. Submission of the FAFSA by March 15 is recommended for students who will be attending the following fall semester.

Any United States citizen or eligible non-citizen enrolled at least half-time as a regular degree-seeking student may apply for any of the loan programs Regent University offers. Applications for loans should be submitted a minimum of two months prior to your final registration payment deadline to assist in expediting the arrival of funds for disbursement by the first day of classes.

**Stafford Loan Program**

Eligibility for the Stafford Loan Program is not based on credit history, unless the student has defaulted on a previous federal student loan or owes a repayment for an over-award of an undergraduate federal grant. Stafford loans are made through private
lenders who participate in this federal program. The student must be making satisfactory academic progress in order to qualify for this program (see explanation below).

First-time Stafford Loan borrowers at Regent are required to complete an online entrance interview counseling session prior to disbursement of loan funds. In addition, all loan recipients must complete an exit counseling session prior to graduation, withdrawal, or otherwise ceasing to be enrolled on at least a half-time basis.

Disbursement of Stafford loans takes place no sooner than the final payment deadline for the term (if timely application was made and all requirements are met). Loan proceeds must be split into at least two disbursements regardless of the length of the loan period. If a student withdraws from classes, a refund may be due the student, and/or a “return of federal funds” calculation completed that may require some of the loan proceeds to be returned to the lender or paid back by the student. See the University refund policy and Return of Title IV Funds policy for more information. Any student who receives financial aid funds, but does not attend any of the classes (or complete any distance coursework) for which the disbursement was made is required to have the entire amount returned to the funding entity immediately. This is done by returning the payment received to Regent. Regent will, in turn, refund it to the funding entity on the student’s behalf. This may result in a balance due the university.

There are two types of Stafford loans: subsidized and unsubsidized.

1. **Subsidized Stafford Loans**
   The subsidized Stafford loan is a low-cost loan to help pay education costs. Undergraduate juniors or seniors may be eligible for up to $5,500 per academic year. Students classified as sophomores may receive $4,500 and those classified as freshman $3,500. The amount is based on need. The federal government pays the interest on the loan while the student is enrolled at least half-time and during authorized deferment periods. The interest rate for the 2007 - 2008 academic year is 6.8 percent while in school and 6.8 percent upon entering repayment. The interest rate is fixed at 6.8 percent. The student has a six-month grace period after graduation or dropping below half-time status, before entering the 10-year repayment period.
   (Amounts effective Fall 2007, See note below.)

2. **Unsubsidized Stafford Loans**
   An independent undergraduate junior or senior may be eligible for up to $10,500 per academic year with the Unsubsidized Stafford Loan. Independent students classified as freshman may receive a combined $7,500 while sophomores may receive up to $8,500. If the student is eligible for the maximum subsidized loan (example: $5,500), the maximum unsubsidized loan is $5,000, depending on the cost of attendance less other aid and resources. Unsubsidized loans are not based on need and interest begins to accrue at disbursement. Borrowers may exercise the option of making monthly or quarterly interest payments before the principal repayment period begins, or deferring interest repayment and having the interest capitalized and added on to the principal of the loan. Otherwise, the same rates and terms apply to the unsubsidized Stafford loan as to the subsidized Stafford loan. Students classified as dependent for federal financial aid purposes are not eligible for the unsubsidized Stafford loan program.
   (Amounts effective Fall 2007, See note below.)

**Note:** Subsidized and unsubsidized federal Stafford loans may be consolidated once the student enters the repayment period. Consolidation may extend the length of the repayment period and therefore, lower the monthly payments. However, the amount of interest paid over the life of the loan will increase substantially, thus consolidation may or may not be the best option for any one student. Students are invited to contact their lenders or the Central Financial Aid Office for more information.

**Federal PLUS Loans**
There are two types of PLUS Loans: Graduate Plus and Parent PLUS.

1. **Graduate Plus Loans** are available to graduate students.
2. **Parent PLUS loans** are available to parents of dependent undergraduate students who are attending at least half time. PLUS Loans are used to help meet the cost of attendance at Regent. Parents should apply at least 4 weeks before the start of the semester. Dependent students whose parents are unable to qualify for PLUS become eligible for independent student federal loan limits.
**Federal Pell Grant**

Only regularly enrolled degree-seeking students in an undergraduate program may be considered for eligibility in the Pell Grant Program. Interested individuals must complete the Free Application for Federal Student Aid (FAFSA) available from Central Financial Aid or online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). Depending upon need as determined by the results of the FAFSA application, costs and enrollment status as determined by federal guidelines, a student may qualify for an amount between the following ranges:

- Minimum amount for a full award year = $400
- Maximum amount for a full award year = $4,310

Amounts effective Fall 2007, actual amount will vary depending upon each student’s application information and enrollment status, etc.

**Employer Reimbursement**

In cooperation with the University’s Business Office, Regent University’s School of Undergraduate Studies is pleased to assist students in fully utilizing their employers’ tuition reimbursement benefits. The following guidelines have been created to facilitate a clear understanding among students regarding employer reimbursement. Students should review these guidelines and file them in a safe place for future reference.

- Students need to identify which approach their employer follows for reimbursement: The employer reimburses students for tuition prior to the beginning of the semester, or it pays Regent University directly. In the latter case, the student must ensure that the tuition payment is made or that his or her company’s tuition voucher is submitted to the University’s Business Office by the payment deadline of each semester. Failure to submit payment or the necessary paperwork to the Business Office by the published payment deadline will subject the student to a $100 late fee. It is the student’s responsibility to follow up with both the company and the Business Office to ensure that these items have been processed by the deadline. OR

- The employer reimburses the student for tuition costs after the completion of a given semester. In this case, to the student may wish to utilize the Employer Reimbursement Deferment Plan (as described below), or he or she will need to pay tuition and fees out of pocket, before the start of the term.

**The Employer Reimbursement Deferment Plan**

Most employers who provide tuition reimbursement reimburse their employees after they have completed their courses and received their grades for a given semester. As a service to employer-reimbursed students, Regent University allows such students to defer payment for a given semester until the 4th Friday of the following semester. Students choosing to defer any part of their tuition payment under this plan are required to submit the online employer reimbursement deferment form (see below) to the Business Office prior to the start of each semester and are charged a $45.00 fee to set up their deferment. A valid credit card number will be required at this time and will be kept on file with the Business Office for one semester. If payment has not been made by the 4th Friday of the following semester, the student’s credit card will be drafted at that time for the full amount of their tuition.

The university recommends that students maintain a separate credit card specifically for this tuition deferment plan with a minimum credit line equal to or greater than their expected tuition each semester. Regent University maintains the right to revoke a student’s tuition deferment privileges if the credit card is declined at the time the card is drafted. In this situation, students will be immediately withdrawn from their classes for non-payment and will be charged a $100 late payment fee. As a matter of honesty and integrity, students whose credit card does not carry the minimum credit line to cover the tuition balance are urged not to use this plan. Students whose companies reimburse less than 100% of tuition can defer payment only on the portion of their tuition that will be covered by their company. The student is responsible to set up other satisfactory payment arrangements for the remainder of the tuition balance by the payment deadline (e.g., full payment, TIP, loans).

To utilize the Employer Reimbursement Deferment Plan, students need to:

1. E-mail a copy of the employer’s tuition reimbursement policy to the School of Undergraduate Studies Office of Admissions and Advising.
2. Submit the secure online Employer Reimbursement Deferment Form prior to the payment deadline of each semester in which the student desires to participate in the plan.

3. Provide to the Business Office the following information at the time of submitting the Employer Reimbursement Deferment Form:
   - Personal contact information.
   - A credit card number and expiration date. Regent University accepts Visa, MasterCard and Discover (not American Express).
   - An authorization of the amount to be drafted from the credit card. Students need to be sure to include all fees, including the $45 deferment fee, in the total.

4. In the “Comments” section of the form, the student should request a copy of the tuition invoice from the Business Office. The students is advised to keep this invoice on file until the time the employer requests it for reimbursement.

6. Contact the Business Office if the student’s credit card information changes over the course of the semester.

Any questions regarding the employer reimbursement deferment plan should be directed to the cashiers (Toll Free: 877-850-8434, Phone: 757-226-4059, International Phone: 877-386-9525, Fax: 757-226-4342).

Please note: Failure to set up the employer reimbursement deferment plan by the payment deadline each semester will subject the student to a $100 late payment fee. If students have any questions about these guidelines, they should contact their advisor at undergrad-advisor@regent.edu or the Regent University Business Office.

School-Based Scholarships and Grants

The School of Undergraduate Studies offers the following scholarship programs. These awards are highly selective, and the number of awards is limited and varies each year. Any student who meets the qualifications for the award may apply. Applicants for each award are reviewed on the basis of academic record, need, and scholarship-specific criteria listed below.

Scholarship and Grant Policy

1. Merit-based and need-based scholarships and grants are available for all accepted students. Students who are accepted provisionally are eligible only for need-based and affinity scholarships.

2. Students may apply for all scholarships and grants for which they feel qualified.

3. Scholarship and grant applications are reviewed after admissions decisions have been made and announced in writing.

4. Students will be awarded only one School of Undergraduate Studies scholarship or grant. If a student qualifies for more than one scholarship or grant, the student will be awarded the one scholarship or grant of the highest amount, contingent upon available funds and the date of application.

5. Students may apply only once to the School of Undergraduate Studies for scholarships and grants given by the school. They may request these scholarships and grants only within their first twelve credits of enrollment.

6. Students must maintain the required GPA to retain their scholarship or grant. Students who fall below the required GPA may have their scholarship or grant terminated.

7. Students whose scholarship or grant is terminated or reduced for academic reasons may reapply after one full term of inactivation. Receipt of any scholarship previously awarded is not guaranteed.

8. If employees of Regent, CBN, or Founders Inn, or the spouses or dependents of these employees, receive tuition remission, no School of Undergraduate Studies scholarships or grants will be awarded.

9. School of Undergraduate Studies scholarships and grants will be awarded for the duration of the student’s tenure at Regent, as long as the student maintains the required academic standards.

10. Students receiving a scholarship or grant who withdraw from Regent for more than one full semester must reapply for any further scholarships or grants.

11. Filing and completion of the FAFSA is required for all students who wish to be considered for need-based grants.

A list of all School of Undergraduate Studies scholarships and grants, along with an application, is available online at http://www.regent.edu/acad/undergrad/financial_aid/financial_aid_home.cfm.
Private Grants and Scholarships
Students are strongly encouraged to research other sources of private grants and scholarships. Visit the Central Financial Aid Office website for more information. Another service is the free “fastWEB Scholarship Search” currently accessible at www.fastweb.com. Research of, and application for, private sources of assistance should be done as early as possible to meet deadlines. More information on private scholarships is available at www.regent.edu/admin/finaid/privschol.cfm.

Satisfactory Academic Progress (SAP)
A student must be in an admitted/enrolled status as a regular student in a degree-seeking program and making satisfactory academic progress toward a degree, in order to be considered for participation in financial aid programs (federal and/or private) administered through the university’s Central Financial Aid Office. Making satisfactory academic progress, for these purposes, means that a student must maintain a minimum prescribed cumulative grade point average (GPA) defined by the school, as well as proceed through the program at a pace leading to completion in a specified time frame. Satisfactory progress is measured at the end of each academic semester.

Minimum Requirements
A student achieving at least the minimums specified below will be considered making satisfactory academic progress.

- Minimum cumulative GPA of 3.00 in the student’s current academic program transcript level (except students in undergraduate program transcript levels which require a 2.00 minimum).
- Successful completion* of 67% of all credits attempted at the undergraduate programs transcript level.
  * "Successful completion" is defined as credits finished with grades other than an "F," "I," "IP," "W," "WF," "WX," "FX," "NP," "NG," or "AU" at the time grades are posted for the term being reviewed and/or when the satisfactory academic progress review for the prior term is made.
- For students enrolled in an undergraduate degree program the timeframe cannot exceed 150% of the published length of the program, which is measured in attempted credit hours, based upon the number of credits offered at Regent for the program. Therefore, the maximum duration of financial aid eligibility for students in this program is 180 attempted credit hours at Regent counted from the term/period the student originally begins the program, not to exceed five calendar years from the beginning of the initial term/period (including period of non-enrollment).
- Student must be in otherwise good academic standing with the university (as defined by the university’s academic policies). A student placed on academic probation is automatically on financial aid probation.

In the event that a student fails to meet any of the above criteria at the end of an academic semester/term, the student will be placed on "financial aid probation" for the immediately following period of enrollment. That is, a student in this category may receive financial aid for the next term of enrollment, but must meet the above stated minimums by the end of that period. The second time that a student fails to meet one or more of the requirements, the student will no longer be making satisfactory progress for financial aid purposes. As a result, he or she will be ineligible for financial aid offered through the Central Financial Aid Office, including federal and private loans, scholarships, etc., for the following academic term in which the student may enroll.

Appeal Procedures
If a student is found to be ineligible for financial aid because satisfactory progress requirements were not met, the student may appeal this decision to the Dean of the School through the school’s financial aid representative. Reasons for appeal may include such extenuating circumstances as prolonged illness, hospitalization, death of an immediate family member, etc. The appeal must be in writing and indicate the reasons why the minimum requirements were not met and why aid should not be terminated. If the student is enrolled in class(es) while the appeal is being heard, the student is responsible for following the policies and procedures associated with the class(es).

The Dean of the School (or designee) will review the appeal and determine whether suspending aid is justified. The student and Central Financial Aid Office will be advised, in writing, of the decision. The Director of Central Financial Aid may consult with the Dean of the School regarding the decision provided before Central Financial Aid clears an ineligible status.

Reinstatement
To reestablish satisfactory progress after being terminated from aid eligibility, a student must improve his/her academic standing to meet the designated standards.

Repeated Courses
When a course is repeated, the last grade points and credit hours earned replace the previous grade points and credit hours in computing the grade point average. Please refer to the university catalog for the method by which repeated courses in the School of Law are calculated.

**Transfer Students**
Courses that transfer students took at previous institutions prior to attending Regent are counted only in the number of hours successfully completed, i.e., they do not show up as hours attempted or in the GPA calculation, per the university’s academic policy.

**Periods of Non-Enrollment**
Periods of non-enrollment in a particular degree program have no effect on a student’s satisfactory academic progress upon reentering for these purposes, except that the maximum five- to seven-year time limit still applies (as described in "Minimum Requirements" above). Any exceptions to the time limit due to periods of non-enrollment must be appealed to the Dean of the school through the school’s financial aid representative. See "Appeal Procedures" above.

**Veterans Benefits**
For information concerning veterans benefits, contact the Registrar’s Office at 757-226-4094 or www.regent.edu/admin/registrar/veteranbenefits.cfm. Allow 45 days for paperwork to be processed by the Veterans Administration.

**Student Employment**
In addition to awarding scholarships and grants, and administering the various loan programs, the Central Financial Aid Office posts employment opportunities with Regent University, CBN and other employers in the surrounding communities. The Central Financial Aid Office is in no way responsible for placement or student/employer relations. Job postings do not necessarily imply University endorsement of the employer. See www.regent.edu/admin/finaid/jobs.cfm for current job listings.

A limited number of part-time positions are available at the university. These jobs include assistants to individual professors and administrative staff, lab assistants, library workers, etc. Employment is normally limited to 20 hours per week. Applications for posted jobs are available from the Human Resources Department at www.regent.edu/admin/prsnel or through Central Financial Aid.

**State Assistance for Students from States Other than Virginia**
We suggest students contact the Department of Education in their home state to ask about state-funded financial aid opportunities for students attending school out of state. In some states, the agency/department responsible for higher education financial aid programs may be called the State Board of Higher Education, State Council of Higher Education, State Education Assistance Agency (or Authority), Office of Student Financial Assistance, etc. Generally, the appropriate office/agency/department is located in the state’s capital. If students have difficulty locating the address of their state’s Department of Education, contact Central Financial Aid for assistance, or check the Central Financial Aid website at www.regent.edu/admin/finaid/stateags.cfm.

**More Information**
The website address for Central Financial Aid is www.regent.edu/admin/finaid. This web page is updated regularly and provides the most comprehensive and up-to-date information available regarding financial aid programs at the University. We recommend students access it frequently for updated or new information, application dates, and an archive of biweekly electronic newsletters, etc.

A very useful source of information is The Financial Aid Information Page (FINAID). It is one of the most highly accessed websites regarding financial aid, has been written about in numerous publications, and has received a number of awards. We recommend students visit www.finaid.org for more information.

**E-mail Notification and GENISYS®**
The Central Financial Aid Office communicates primarily through electronic mail but also uses paper letters in order to communicate vital information to students. Once a student enrolls at the University, most communication will be made using the Regent University e-mail address assigned to each student. If you do not plan on utilizing this e-mail address as your primary address, ensure you have made plans to check and/or forward these messages to a preferred e-mail address.

Students must access the online GENISYS® system to see financial aid awards, outstanding document requirements, etc. You will be provided with your login and password shortly after Central Financial Aid receives your first submitted financial aid document. Otherwise, you will receive this information after your acceptance to Regent. Develop a habit to
frequently check Genisys for the most up-to-date information about your status. If you do not have access to the GENISYS® system, please contact Central Financial Aid to arrange alternative notification options.

COMPUTER REQUIREMENTS

The undergraduate degree programs and courses are delivered entirely or in part through computer-mediated learning. Computer literacy is required of all students. It is imperative that all students have access to a computer system that meets the minimum requirements outlined at http://www.regent.edu/it/standards.html.

Given the rapid rate of change in computer technology, students are expected to refer to the Regent University Information Technology web site at www.regent.edu/it/ for the most current information regarding computer requirements and support, frequently asked questions (FAQs), and tips. It is the students’ responsibility to keep up with changes in software.

Community colleges, public libraries, or computer training centers can provide valuable courses on basic Internet and personal computer use or other topics. Although the School of Undergraduate Studies offers students some practice with computer skills through the GENE 101 course, “Contemporary Problems for Christian Leaders” (required of all degree-seeking students) and through ITEC 101, “Fundamentals of Computer Applications” (offered periodically), successful completion of a preparatory course will build students’ confidence and help facilitate successful completion of the degree program. Technical questions concerning personal hardware, software, or telecommunication support should be directed to the appropriate vendor(s). Regent University does not teach or train students in basic computer use outside of specific undergraduate courses.

E-Mail Account

Students must have an Internet Service Provider (ISP) and a working e-mail address to register for classes. Students receive a personal e-mail account at Regent University upon enrollment. All official university correspondence will be sent to this e-mail account. It is the students’ responsibility to access this account. Students may have their Regent e-mail account forwarded to their ISP e-mail account if so desired. For directions on forwarding e-mail, see http://www.regent.edu/general/student_orientation/tutorials/webmail.cfm.

ACADEMIC POLICIES

Academic Advising

Professional academic advisors, faculty, and student services personnel are available to provide academic, career, and personal guidance during the student’s program and to help each student with administrative needs and concerns. It is the student’s responsibility to meet the requirements of the degree as defined in the student’s approved degree plan (ADP). Advisors assist students with the ADP and in planning, term by term, how they will complete graduation requirements. In addition, advisors remain available throughout the year to help students regarding academic concerns and with the registration process, such as selecting courses, adding or dropping courses, and selecting a major or minor. More information is available from the Enrollment Services Office and the Student Handbook. Students can download academic forms at http://www.regent.edu/admin/registrar/onlineforms.cfm.

Academic Appeals

An appeal is defined as a request to a higher authority to change a decision that was made, typically a decision that the student believes adversely affects her/his academic career. For details on the procedures to follow for academic appeals and grievances, please consult the Student Handbook (available online).

For any academic appeal or grievance, if a student is enrolled in class(es) while the case is being heard, the student is responsible for the policies and procedures associated with the class(es).
Academic Dismissal

Student are academically dismissed if they meet the criteria for probation two semesters in a row. Any student academically dismissed from the School of Undergraduate Studies may petition the Admissions Committee for readmission. The case will be carefully reviewed to determine if there is a basis for the student’s resuming the undergraduate program at Regent. Readmission is not guaranteed and should not be assumed. A student academically dismissed and then readmitted by the Admissions Committee is placed on academic probation and must maintain a GPA of 2.0 or higher for each semester thereafter in order to remain in the School of Undergraduate Studies.

Academic Integrity

Foundation and Student Responsibility

Regent University affirms the biblical truth that God made men and women in His own image. Part of God’s essence is His social nature, reflected best in the perfect society of the Trinity. God seeks community with men and women, and because of God’s concern with community among men and women, He has provided them with laws to govern community. One such law prohibits a person from stealing the property of another. That is, God in His divine wisdom has chosen to protect private property by prohibiting its theft by others. Part of a person’s property is the product of his/her intellect and creativity. Yet another law of God to guide people in community is honesty, which prohibits deceit, fraud, or dishonesty. Both of these laws are a reflection of God’s love, and we reflect love to both God and our fellow men and women by following these laws. Both of these laws are the foundation for this Academic Integrity Policy.

Students are responsible for knowing what constitutes plagiarism, how to avoid it, and what constitutes dishonesty. Students are also responsible for understanding that if they allow a fellow student to cheat or plagiarize, or if they complete an assignment for a fellow student, they are accomplices to academic dishonesty and are subject to the same penalty.

This policy is purposely found in the Student Handbook, and it is referenced in the catalog and the Faculty & Academic Policy Handbook. A student’s failure to know this policy is not a defense. Moreover, a lack of understanding of what constitutes dishonesty, plagiarism, and/or a lack of intent (e.g., that the student did not intend to copy the material into his/her paper) is not a defense. Finally, failure to follow the procedural deadlines in the appeals section will result in the dismissal of the appeal.

Definitions

Conduct that violates the Academic Honor Code includes the following:

1. Dishonesty. This lack of integrity is exhibited through lying, cheating, defrauding, or deceiving. Examples of dishonesty include copying from the examination paper of another, allowing one’s own examination paper to be copied, reading without the instructor’s consent a copy of the examination prior to the date it is given; giving or receiving unauthorized aids; submitting the same work product in more than one course without the express permission of the instructor(s); or disclosing or accepting information about test questions or answers if one takes a test at a different time than other students in the same course.

2. Plagiarism. Plagiarism is using the intellectual property (e.g., books, articles, artwork, movies, drawings, ideas, and photos) of others without proper citation thereby giving the impression that it is the student’s own work. Plagiarism ranges from a failure to acknowledge one’s indebtedness to another for an idea in a formal written or oral statement to using verbatim words, sentences, passages, or audiovisual material from the work of others without quotation marks and proper citation (a rule of thumb is to use quotation protocol for five or more words taken directly from another source). Other examples of plagiarism include having someone else (e.g., colleague, friend, relative, or writing service) write a paper that is then submitted by the student for class credit and purchasing and submitting a paper from an online source. Gibaldi (1998) defines plagiarism well:
Whenever you draw on another’s work, you must specify what you borrowed—whether facts, opinions, or quotations—and where you borrowed it from. Using another person’s ideas or expressions in your writing without acknowledging the source constitutes plagiarism. . . . In short, to plagiarize is to give the impression that you wrote or thought something that you in fact borrowed from someone, and to do so is a violation of professional ethics. (p. 151)

Plagiarism is a pervasive threat to academic integrity because of the emergence and expansion of the Internet. Any time a student downloads content from the Internet or any electronic document, the student risks committing plagiarism. The student must summarize or paraphrase the material first (with, of course, proper citation) rather than simply cutting and pasting blocks of downloaded text in his/her paper without using quotation marks.

Because of the importance of ensuring academic integrity, the University has subscribed to Turnitin.com®. For a full discussion of this program please refer to http://www.regent.edu/it/helpdesk/document/turnitin/. The University has asked its instructors to submit student papers to the scrutiny of the Turnitin.com® software or other academic integrity software at their discretion including when they suspect the presence of plagiarism in a student’s paper. Note that these submissions of assignments to Turnitin.com® or other software do not necessarily constitute an accusation or suspicion of plagiarism.

Penalties and processes regarding violations of the Academic Honor Code are described in full in the Student Handbook (available online).

Academic Probation
Undergraduate students with less than a 2.00 cumulative GPA at the end of any semester will be placed on academic probation. Students must receive a passing grade for all courses in the following semester of enrollment, and they must raise the cumulative GPA to 2.0 or higher by the end of that subsequent semester of enrollment. Students not meeting this requirement will be academically dismissed from the School of Undergraduate Studies.

Only courses from Regent University will be included in the computation of the GPA. In the case of repeated courses, the last grade points and semester credit hours earned replace the previous grade points and semester credit hours in the computation of the GPA. However, all grade entries made to the transcript will remain a part of the student’s permanent academic record.

Attendance and Participation Policy
Regent University recognizes the importance of class attendance and participation for students' learning. While attendance alone does not guarantee learning, engagement with the class through regular attendance and participation is essential to learning, both to the individual student and to the class itself as all benefit by others’ contributions. At Regent University, class attendance, understood as the act of being present, is considered to be separate from participating in the class, understood as active engagement through discussion and other forms of interaction. Both are valuable to student learning.

Like other institutions of higher education, Regent University is required to maintain accurate attendance records by the U.S. Department of Education.

Attendance is tracked weekly. For any week (7 days from Monday to Sunday) in which a student does not attend class time or, for online classes, log into the course in Blackboard, the student will be marked absent in the Blackboard grade book. The standard by which a final date of attendance in the class is measured will be the last date on which the online student logs into the course in Blackboard or the on campus attends the on-campus class for a course, whichever is more recent. Students should be aware that this date could affect their financial aid and financial obligations.

Normally, expectations for participation—such as those for quality work in the group discussions (including those in Blackboard)—differ from the minimal requirements for attendance. Thus, at the instructor’s discretion, a student who is present or absent might lose participation points. Instructors determine whether students may gain back lost participation
points (for example, through additional work). Students should be aware that instructors follow their posted policy for receiving late work from students; work turned in late (papers, discussion board posts, etc.) could result in the loss of participation points or other components of the final course grade. Instructors are responsible to maintain accurate records regarding attendance and to follow course policies for grading student work, including students’ participation. Students are responsible to attend and participate in class and to follow campus policies.

Centers and Institutes

Regent University has developed a number of specialized centers to assist in the enhancement and promotion of the institutional mission. These include University-wide centers and individual graduate school centers (see list below for currently active Centers).

University Sponsored Centers

University-wide centers include The Center for Teaching and Learning and the Center for Latino Leadership.

The Center for Teaching and Learning provides media services, resources for faculty development, specialized training, the Master Instructor Program, course design assistance, and various certifications in online delivery methods.

The Center for Student Development is designed to assist students academically, personally and professionally. It promotes training, workshops, and individual coaching to assist students, as well as supervising University Writing Center.

Cornerstone and Capstone Requirement

Consistent with the mission, values, and goals articulated by the Board of Trustees, each school of Regent University requires a cornerstone and capstone experience for each bachelor and master degree program. The essential content of the cornerstone experience is a focus on (1) biblical literacy, (2) an understanding of Christian historical perspectives, (3) articulation of a biblical and Christian worldview, and (4) the Regent ethos. The cornerstone expectation is generally completed within the first year of program requirements. The capstone consists of a culminating experience prior to graduation that demonstrates student growth and understanding of these foundational values since entrance into Regent University.

Dean’s List

Each semester, students demonstrating academic excellence are recognized through inclusion in the undergraduate Dean’s List. Students completing at least nine credits during the semester are eligible for the Dean’s List. Eligible students who earn a cumulative grade point average of 3.85 for the semester are included on the Dean’s List for that semester.

Declaring a Major

In order to facilitate planning and advising, students normally declare a major when they enter the School of Undergraduate Studies. However, students may enroll in a degree program in the School of Undergraduate Studies without declaring a major upon entry. Students who have not declared a major are considered “Undeclared” and may be eligible for all forms of scholarships and financial aid, provided other eligibility criteria are met. Students may earn a maximum of 45 credit hours before declaring a major (thus declaring the major the second semester of the sophomore year).

Faculty/Course Evaluations

Students are provided an opportunity to evaluate instructors and curriculum after the completion of each course. All course evaluations are completed online. Instructions and reminders will be sent to students via e-mail. Student evaluation reports are held in confidence until the instructor submits course grades. The academic department chair reviews all evaluations. After grades have been submitted, the instructor will be provided a copy of all evaluations for review and comment.

Financial Holds on Academic Records
The Business Office will place a financial hold on the academic records of present and former students who have outstanding accounts with the university. Such individuals will not be allowed to register for classes, nor will any academic documentation or information (i.e., grades, transcripts, diplomas, etc.) be released to them until the necessary payment has been made to the Business Office. Once the account is settled, the Business Office will notify the Registrar’s Office that the financial hold has been removed. The Registrar’s Office may then release any requested academic documentation or information to the individual.

**Grade Change Appeals**

For information about appealing a course grade, see the information regarding “Academic Appeals and Grievances” in the *Student Handbook*.

**Grading System**

To remain in good academic standing in the undergraduate programs, students must maintain a 2.0 GPA. Grades are posted by each instructor in all School of Undergraduate Studies programs within 14 calendar days of the completion of each course.

The following grading system is followed:

Letter grades indicate the following:

*Grades of A:* The quality of work is superior in all areas. Work displays a mastery of course content at the highest level of attainment appropriate for the undergraduate level: outstanding quality of thought; excellent understanding of the course content and demonstration of skills associated with the course; a creative and critical engagement with the material; and an ability to analyze and evaluate the knowledge and ideas that shows talent for undergraduate work. Work shows practical or personal application of course content in specific assignments, as appropriate. The grade for such work will vary from A to A- according to the quality and quantity of the work.

*Grades of B:* The work shows strong performance demonstrating a high level of attainment appropriate for the undergraduate level: high quality of thought; solid understanding of the course content and demonstration of skills associated with the course; an engagement with the material that shows good comprehension of the subject; and an ability to analyze and evaluate the knowledge and ideas in the course. Work shows practical or personal application of course content in specific assignments, as appropriate. The grade for such work will vary from B+ to B- according to the quality and quantity of the work.
Grades of C: The work shows satisfactory performance demonstrating an adequate level of attainment appropriate for the undergraduate level: competent quality of thought; acceptable understanding of the course content and demonstration of skills associated with the course; an engagement with the course that shows adequate ability to analyze and evaluate; and adequate comprehension of the subject. Work shows practical or personal application of course content in specific assignments, as appropriate. The grade will vary from C+ to C- according to the quality and quantity of the work.

Grades of D: Work displays marginal performance demonstrating a minimal passing level of attainment appropriate for the undergraduate level. The student’s work indicates poor quality of thought and poor comprehension of course content. Work shows practical or personal application of course content in specific assignments, as appropriate.

Grades of F: Work shows unacceptable performance. The student’s work indicates major deficiencies in learning and reveals little or no understanding of course content. This grade denotes either unacceptable performance in spite of some effort, or failure to complete the assigned work.

Students should be aware that they need to earn a C- or better in all courses which they intend to apply to the major. They can repeat courses following the processes listed under “Registration Processes.”

“Incomplete” Grades (“I”)
A grade of “Incomplete” (“I”) will be assigned only if proper arrangements have been made prior to the end of the course. The “Incomplete” grade is intended for use only in extraordinary circumstances, beyond the student’s control, which prevent the student from completing the course on time. If these conditions are met, the instructor may complete a “Request for a Grade of ‘Incomplete’” (available at http://www.regent.edu/admin/registrar/onlineforms.cfm) and submit it to the appropriate Department Chair before the end of the course. Both the student and the instructor must sign the request; however, the student may give the instructor permission to sign for him or her. The instructor must indicate that this permission has been granted on the form. A grade of “I” will be given in a regular course only for legitimate deficiencies due to illness, emergencies, or other extraordinary circumstances. The form must be submitted to the Registrar by the last day of the session. Students on academic probation are ineligible for grades of “Incomplete” for courses taken while on academic probation.

Once the grade of “I” has been assigned, the student must complete all outstanding requirements for the course within six weeks of the last day of the course. It is the student’s responsibility to work with the instructor to ensure these requirements are submitted. If all course requirements are not completed within six weeks of the last day of the course, the incomplete grade will be converted to a grade of “FX”, and the student must re-register and pay the appropriate tuition to re-enroll in the course the next time it is offered. A student who acquires two concurrent grades of “Incomplete” in one semester will not be permitted to enroll in additional courses until the “Incomplete” grades are resolved. The grade of “Incomplete” is removed when the instructor assigning such a grade submits a change of grade form.

The issuance of an “I” grade may have a direct impact on a student’s receipt of a grade for tuition reimbursement purposes and may directly affect the student’s eligibility for and receipt of financial aid. It is imperative that students contact the Financial Aid Office at Regent University immediately upon receiving an “I.”

Independent Learning Opportunities
Regent University makes available options for students to pursue independent learning:

1. Independent Study courses:
   An Independent Study is a course individually designed by a student and his/her professor. The professor serves as a mentor. The purpose of an independent study is to 1) allow a student to explore content not available in a regular course; and/or 2) allow a student to pursue in-depth study and research dealing with a specific subject. Independent studies will not be approved for subjects available in regularly available courses.
The Independent Study Form must be approved by the professor serving as the director, the department chair, and the advisor. The Independent Study Form should note at minimum a title and brief description of the Independent Study. A proposal and learning contract are to be included as part of the Independent Study application. Careful planning and prior approvals are necessary to secure these learning experiences; students should not assume that a particular professor is available for a desired Independent Study.

Registration for Independent Studies should be completed during the normal registration periods. These courses are listed as 390 Independent Study and 490 Advanced Independent Study in this catalog under each major discipline.

2. Internships:
Internships are available in several disciplines. These learning opportunities enable students to work in approved settings, gaining work experience while pursuing specified learning goals. Available internships are listed in this catalog under the various disciplines. Well in advance of the internship (at least one semester prior to the desired experience), application must be made using the Internship Application and Learning Contract. Students seeking internships should consult early with their department chair. Careful planning and prior approvals are necessary to secure these learning experiences; students should not assume that a particular professor or site is available for a desired internship.

No more than six hours of independent study or internship can be counted toward one’s degree.

“In-Progress” Grades (“IP”)
In-progress grades shall be given for courses in which the completion of course requirements for all students in the class extends beyond the formal class sessions scheduled for the course. In-progress grades are only appropriate for use in the School of Undergraduate Studies Research Seminars classes.

The issuance of an “IP” grade may have a direct impact on students’ receipt of a grade for tuition reimbursement purposes and may directly affect their eligibility for and receipt of financial aid. It is imperative that students contact the Financial Aid Office at Regent University immediately upon receiving an “IP.”

Minimum and Maximum Loads
Students are required to enroll in a minimum of 12 credit hours each semester (thus 6 semester hours each session) to be considered a full-time student. Students may enroll in up to 9 credit hours each session, with provisionally accepted students limited to 12 credit hours per semester. In order to ensure academic success, all students are advised to take no more than three courses (9 credit hours) per session. Students need approval from the Registrar to register for an overload of more than 9 credits each session. Only students who have at least a 3.0 cumulative grade point average will be considered for this overload approval.

Outcomes Assessment Requirement
In order to maintain a high level of academic excellence and to ensure that Regent University complies with mandates imposed by the State Council of Higher Education in Virginia (SCHEV), the Southern Association of Colleges and Schools (SACS), and other accreditation agencies, the School of Undergraduate Studies has developed a plan to assess the quality of its academic programs. As part of the assessment plan, all undergraduate students are required to take tests and surveys designed to measure achievement related to the general education and major program outcomes and other student learning.

No minimum score or level of achievement is required on these tests for graduation. Assessment results will remain confidential and will be used for the sole purpose of improving the School of Undergraduate Studies’ programs. Failure to participate in these assessment activities may preclude the student’s right to register for future terms and/or receive the baccalaureate degree. The School of Undergraduate Studies’ administration will make all reasonable efforts to ensure that students have ample notice of and opportunities to take required assessments.
Registration Processes

1. **Adding a Course**
   Students may add a class only during the first week of classes without penalty. Students are to use the “Add/Drop” form to make this request, available online on the Registrar’s webpage as well as in hard copy in the Registrar’s office and the Office of Advising and Student Services.

2. **Auditing a Course**
   Students who wish to enroll for a credit course on a noncredit basis are classified as auditors. Auditors must be admitted to Regent University via regular admission procedures. Audited courses appear on the transcript but do not have associated credits. Students taking courses for credit shall be given enrollment priority over auditors. Students auditing a course will pay one-half the tuition as those taking it for credit. Financial aid will not be applied to audited courses.

3. **Change of Schedule: adding and dropping courses**
   Students may add or drop courses to their schedule during the first week of the course without penalty. After the last day of the first week, academic or financial penalties apply. If a student does not attend or participate in a course for which the student is registered and does not officially drop the course through the Registrar’s Office, the student will receive a failing grade for the course.

4. **Repeating a Course**
   Students may repeat a course, in which case the last grade points and semester credit hours earned replace the previous grade points and semester credit hours in computing the GPA. Students wishing to repeat a course must re-register and pay the standard School of Undergraduate Studies tuition per credit in effect during the fiscal period in which the course is retaken. When a course is repeated, the last grade points and semester credit hours earned replace the previous grade points and semester credit hours in computing the GPA. However, all grade entries on the transcript remain a part of students’ permanent academic record. If the course being repeated is offered under a different course number than when students first took the course, students must indicate that it is a repeated course at the time of registration.

5. **Withdrawal from a Course**
   Students may add or withdraw from a class during the first week of classes without a permanent notation to their records. After the first week and through the end of the fourth week of classes, students will receive a grade of “W” if they officially withdraw with the Registrar’s office. In this case, students need to complete the “Add/Drop” request form, sign it, have the instructor sign it, and return the form to the Registrar’s office before the end of the last business day in the fourth week of class. The “Add/Drop” form used in the School of Undergraduate Studies is available online on the Registrar’s webpage as well as in hard copy in the Registrar’s office and the Office of Advising and Student Services.

   After the fourth week and up to the end of the seventh week, students who discontinue class but who complete the proper form requesting withdrawal from class, following the procedure described above, will receive a grade of “WF.” Withdrawals are not permitted the last week of class. Students who discontinue the class but who fail to withdraw properly receive a grade of “F” for the class.

   Students who have not attended classes, or distance students who have not participated in instructional events, may, by the end of the drop/add period (the end of the first week of the session)—in accordance with university practice—be assumed to have unofficially withdrawn from the university and will be administratively withdrawn. However, any participation in the class, including logging on to Blackboard, constitutes class attendance. Students participating and/or attending need to follow the procedures stated above regarding “W” and “WF” grades; they will not be administratively withdrawn.

   **Financial penalties apply** for grades of “W” and “WF,” as described under the refund policy. Students need to verify with the Business Office how the withdrawal and grade of “W” or “WF” will affect their account balance before they initiate a withdrawal process. Courses carrying a grade of “WF” receive no credit but are counted towards hours attempted and may negatively affect the students’ GPA. The issuance of a “W” or “WF” grade may have a
direct impact on students’ receipt of a grade for tuition reimbursement purposes and may directly affect his or her eligibility for and receipt of financial aid. It is imperative that students contact the Financial Aid Office at Regent University before receiving a “W” or “WF.”

Student Records Confidentiality
Regent University protects the confidentiality of the education records of current and former students. This policy is in compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended. At its discretion the institution may provide directory information to include: the student’s name, address, email address, telephone number, date and place of birth, major field of study, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, photograph, and participation in officially recognized activities. Students may withhold directory information by notifying the Registrar’s Office, in writing, within two weeks of the posting of the annual notice that advises students of their rights. The full text of this policy, including procedures for inspecting and amending one’s education records, are printed in the Student Handbook.

Transcripts and Verification of Enrollment
All requests for official copies of transcripts from Regent University must be made in writing to the Registrar’s Office. Three copies of a transcript will be given to students upon completion of graduation requirements. Current students and alumni will be charged a fee for transcript orders of two or more per semester. Transcripts will not be released for current or former students who have unresolved financial accounts with the university. Requests by students for copies of their transcripts from other educational institutions are not honored. Requests of letters verifying enrollment at Regent should be made directly to the Registrar’s Office.

Withdrawal from the School of Undergraduate Studies
Occasionally, students voluntarily decide to withdraw from the undergraduate program. In such cases, the following guidelines and policies apply:
1. A voluntary withdrawal will be granted if students request it in writing from their advisor. In addition, students must meet with the Director of Student Services for approval to be granted.
2. Students who have not attended classes, or distance students who have not participated in instructional events, may, by the end of the drop/add period (the end of the first week of the session)—in accordance with university practice—be assumed to have unofficially withdrawn from the university and will be administratively withdrawn. Students who leave the university during a term without officially withdrawing will be administratively withdrawn and will forfeit fees or deposits paid to the university.
3. The school’s policies and deadlines for grades of “W” (Withdraw) and “WF” (Withdraw Failing) apply to students wishing to withdraw from the university (see the information under “Academic Information”). The regular refund policy applies for a student suspended for disciplinary reasons.
4. When students have been absent for one year, the university will assume that students have permanently withdrawn from the School of Undergraduate Studies. Students wishing to be readmitted must submit an Application for Readmission.

Students must contact the Financial Aid Office as soon as they withdraw or are withdrawn from the School of Undergraduate Studies. Students may be withdrawn because of financial reasons. Such students are prohibited from continuing in course work and attendance in classes until all financial obligations to the university are met. Possible causes of such action may result from failure to complete necessary financial aid paperwork in a timely fashion or as a result of delinquency of payment to the university for any outstanding balance students have incurred. When students are notified that their withdrawal status has been removed, they must contact the School of Undergraduate Studies’ Office of Admissions and Advising to re-register for subsequent coursework.

Withdrawals and Returning from a Withdrawal in the School of Undergraduate Studies
Returns from a withdrawal have the following stipulations:
1. Financial clearance must be granted from the Business Office before the return.
2. Withdrawals require a petition for re-admittance prior to confirmation of registration. Students must submit a written explanation of their ability to return to the program.

3. Courses carrying an "F," "W," "WF," or "I" must be completed before students are officially re-admitted to regular status in the program.

4. Students are responsible for the tuition rate in effect at the time they re-enroll.

5. Should students withdraw after attending any part of the course, the appropriate charges for partial class attendance will be assessed (see Refund Policy).

6. If students are not enrolled for more than one year and are later readmitted, they must meet the degree requirements current at the time of readmission.

Writing Expectations
Students in the School of Undergraduate Studies are expected to achieve a high level of skill in college-level writing. To this end, several courses are available to aid students in the development of writing skills, with additional help available through the university Writing Center. Further, to prevent plagiarism and to present their written work properly, students are expected to follow the style handbook associated with the academic discipline of the course they are taking. The style handbook of the Modern Language Association (MLA) is the preferred manual for English and other humanities disciplines (with the exception of Religious Studies); the Turabian style manual is used in Religious Studies courses; and style manual of the American Psychological Association (APA) is used in social science courses, such as those in Psychology and Organizational Leadership. Students become familiar with all of these style manuals in the freshman composition courses. Nevertheless, students are expected to acquire the manual associated with their major and to follow it in writing papers and preventing plagiarism. Course syllabi will indicate the expected writing style manual for each course and the required textbooks and/or manuals students will need in order to present their work properly for that class.

ACADEMIC PROGRAMS
The two foundational parts of the academic program in the School of Undergraduate Studies are the general education core curriculum and the academic major. All students are required to complete the general education requirements, at least one major course of study, and enough electives to total 120 semester hours of credit. Students may choose to minor in one or more disciplines or to complete the requirements for a second major.

Graduation Requirements for the Baccalaureate Degree
Diplomas will be issued and degrees posted on transcripts when the Registrar’s Office and the Dean of the School of Undergraduate Studies have certified that all graduation requirements have been met. In order to graduate with the bachelor’s degree, a student must:

- Earn a minimum of 120 semester hours of credit, including satisfactory completion of all course requirements of the School of Undergraduate Studies.
- Complete at least 30 credit hours of instruction at Regent University for the bachelor’s degree, including Religious Studies (RELS) 107, “Worldviews,” and General Education (GENE) 101, “Contemporary Problems for Christian Leaders.”
- Meet all general education requirements as listed in the general education section of this catalog.
- Meet all requirements for an academic major as specified in this catalog.
- Earn a minimum cumulative GPA of 2.00 (A = 4.0) in all coursework attempted and in the major, and a minimum of C- (C for IDS majors) in each course that will be applied to the major.
- Complete all required examinations and surveys related to the university’s learning assessment program.
- Pay all university financial obligations.

The following requirements apply to the major and minor:

- Students who receive a grade below “C-” in any course applied to the major must repeat that course in order to graduate.
- For a second major at Regent University, at least seventy-five percent of the required coursework for the second major must be unique to that major program.
- For undergraduate academic minors, fifteen (15) credits of the minor must be unique to that minor program. Fifteen (15) credits of the minor must be completed at Regent University. Courses applied to the minor must carry a minimum of a C-.
- Students may not apply the same credits to two programs (i.e., a major, minor, or certificate). Students who complete a certificate or a minor may later choose to apply those credits to a major, but they will not also earn the certificate (or the minor).
- Students may double-count credits applied to general education requirements (for example, between a general education requirement and a major), but they may not triple-count any credits (for example, they may not apply the same credits to a general education requirement, a major, and a minor.)

Although the academic advisor participates actively in the student’s planning and helps to monitor the student’s progress towards graduation, responsibility for fulfilling all graduation requirements rests upon the individual student. Students should acquaint themselves with the requirements described in this catalog and plan their course of study carefully so as to fulfill graduation requirements. Students are subject to the academic requirements set forth in the catalog in use during the year they entered the university. When a student declares or changes a major, minor, or certificate, the requirements of the major, minor, or certificate that are in effect at that time apply, as defined by the Catalog.

The General Education Core Curriculum
Serving as a core experience for undergraduate students at Regent University, the general education core curriculum is intended to foster students’ personal, spiritual, and academic growth as Christian leaders who can change the world. Specifically, the general education program challenges students to develop and embrace a perspective on the world that is rooted in Christ and enlivened by the Holy Spirit. With this foundation, students are further challenged through the general education curriculum to develop the knowledge, skills, and values central for effective leadership in today’s world as they gain awareness of themselves and the needs of others. Students encounter a liberal arts experience that prepares them to think, to inquire about ideas and the nature of the world, and to seek and analyze information. This educational experience, grounded in Christ and shaped within a caring community, prepares students for today’s complex world, equipping graduates to be effective, service-minded leaders.

Requirements
The general education core requirements include 49 credit hours of courses in specific areas:

Government

Department Chair: Gerson Moreno-Riaño, Ph.D.

The Department of Government in the School of Undergraduate Studies sets forth as its purpose the provision of an academically excellent education that equips students to be effective servant-leaders in government (and its related areas of interaction) or to pursue further education at the post-baccalaureate level.

The Major in Government

“Let every soul be subject unto the higher powers. For there is no power but of God: the powers that be are ordained of God” (Romans 13:1). With such words, Paul reminds Christians that government is a divinely ordained institution. Centuries before Paul, Aristotle wrote perhaps one of the most famous maxims of all time: “Man is by nature a political animal.” Both Paul and Aristotle suggest that government and political life are intrinsically valuable to human life and the order of human existence.

The Department of Government in Regent University’s School of Undergraduate Studies is founded upon the principle that government and political life are moral enterprises that demand moral excellence and careful attention. Based on this principle, the Department of Government has structured a program that emphasizes the moral and philosophical foundations of government and politics. The Government program is composed of an unique synthesis of liberal arts
education and apprenticeship training whereby students are educated to be high-level critical thinkers, excellent professionals, and ultimately, well-rounded human beings. This is accomplished through engaging the minds of students with a curriculum that emphasizes reading the great political and moral classics, the integration of the Christian faith and learning, advanced research and writing skills, adequate competency in a foreign language, a cutting-edge internship program, and the successful writing and defense of a senior thesis. These requirements lead to the acquisition of a Bachelor of Arts in Government.

Students graduating with a major in Government are well prepared for careers in government, law, the non-profit sector, diplomacy, international service, law enforcement, business, journalism, teaching, and further post-baccalaureate education.

The Department of Government offers a major composed of a core curriculum of 36 hours that provides students with an understanding of the various fields within and approaches to the study of government. In addition, students may choose a 12-hour government emphasis that provides further in-depth study of an area of interest. Students not selecting an emphasis can take 12 hours of government electives. Students majoring in Government are also required to demonstrate proficiency in a foreign language.

Interdisciplinary Studies

Department Chair: Judith A. Ink, Ed.D.
In collaboration with the School of Education, the School of Undergraduate Studies offers the Interdisciplinary Studies (IDS) coursework and educational experience for students who wish to be elementary education PreK–6 teachers. The purpose of the undergraduate Interdisciplinary Studies Department is to graduate competent, caring, licensed teachers who will be qualified to teach pre-kindergarten to sixth grade students.

**The Major in Interdisciplinary Studies**

The Interdisciplinary Studies major has been designed specifically for students seeking Virginia State licensure to teach with an Elementary endorsement. After completing all degree and program requirements, students will receive a Bachelor of Science degree in Interdisciplinary Studies and a license to teach with an endorsement in PreK-6. The courses in the major must be completed on the Virginia Beach campus (courses in the major are primarily taught in a face-to-face format, not online).

The purpose of the Interdisciplinary Studies major is to provide students with a broad-based, comprehensive education through coursework in all major disciplines including English, mathematics, natural science, history, social science, arts and humanities, and computer technology. The undergraduate program in elementary education is designed to provide students with a solid academic foundation and to foster students’ awareness of how their Christian worldview impacts the profession. Students gain hands-on experience through practica and a teacher internship, which enhance their opportunities to become successful beginning teachers of children in grades in preK through six. The program is continuously refined to meet and exceed the changing expectations of the Virginia Department of Education and other professional organizations.

Students graduating from the Interdisciplinary Studies Program will be reflective Christian leaders able to analyze, synthesize, and communicate information and ideas related to all major disciplines. Through the professional studies coursework, students are prepared to engage their learners effectively, to maximize the educational experience, and to prepare their students for success in all areas of the Virginia Standards of Learning (SOL). Furthermore, Regent students graduating from the Interdisciplinary Studies Program will be prepared to enter a graduate program or the workforce.

**Admission to Teacher Education**

Because the Interdisciplinary Studies major is a program leading to professional licensure, students must both declare the major and be formally accepted into the program. Upon declaring the major, students are identified as non-licensure track. After completing the majority of general education requirements at the end of the sophomore year, students are permitted and encouraged to apply for formal admission into the Interdisciplinary Studies major. After admission into the major, students are identified as licensure track.

To apply to the licensure major, all students must submit an application for admission to Teacher Education and schedule an informational interview with the IDS Academic Advisor. This meeting serves as an admission orientation and interview. It is recommended that the informational interview be scheduled early in the semester to ensure that advising blocks will be removed before registration dates for the next semester. Application forms are available from the program advisor and should be returned to the program advisor. Admission to the Teacher Education Licensure Track is required before students are permitted to register for Professional Studies courses (these courses are prefixed as “UED”).

The student’s application for admission to Teacher Education is formally approved and signed by the department chair. Students may be formally accepted, referred for additional coursework, counseled into other non-teaching areas, or denied admittance to the program.

Criteria for Admission to the Teacher Education Program, Licensure Track

1. Completed application for Teacher Education
2. A minimum cumulative, major, & professional education course work GPA of 2.5.
3. Completing a minimum of 45 semester hours
4. Demonstrated proficiency in English, math, and writing (passing scores on Praxis I (or qualifying scores on the ACT/SAT) Praxis Registration Bulletins are available online @ www.ets.org.
5. Submission of a letter of recommendation from faculty or documentation of academic major related experience.

Students in this program are also required to have successfully passed all state licensure assessment before the degree is posted and before the university recommends them to the state for licensure. After graduation, students are responsible for submitting a completed Virginia licensure application packet to Kenyetta Veal, Certification Officer, School of Education. Language and Literature

Department Chair: Susannah N. Clements, Ph.D.

The Department of Language and Literature offers the major in English as well as courses (and minors) in French, Mandarin, and Spanish. The department’s purpose is to offer a range of study in the English language and literature
(primarily British and American texts but also literature in translation) as well as opportunities for students to study specific languages outside of English, from a foundational level through the beginning of an advanced level. The Department of Language and Literature seeks to equip non-majors with fundamental skills in composition and practice in reading literary texts while challenging students majoring in English to high levels of thought and skill as Christian readers and writers.

**The Major in English**

“In the beginning was the Word”: through these words, the Scriptures describe the presence of Christ (Jn. 1:1). This passage and others remind us that God values the word, the primary means of communication between human beings—and possibly between God and humans as well. Studying words, imaginative literature, and the process of writing itself take on great importance when we consider the high value that God has placed upon words. The major in English invites students to reflect on words and how they work, along with the human condition and varieties of human experience as these are expressed through words and imaginative texts. Students consider a variety of expressions of the human imagination as these are understood in the contexts of history, ethnicity and culture, gender, and interdisciplinary study, and students have opportunity to explore and articulate their own Christian worldview. Grounded in Christ, the study of the English language and literature affords opportunities to understand others, oneself, and God’s world at the same time that students encounter beauty, mystery, and challenge in the world in which we live.

Students majoring in English at Regent University develop a strong foundation in literature and composition while gaining some expertise in a related field, called a cognate. Students hone their skills in reading, writing, interpretation, and critical analysis—key abilities for fields such as law, communication, journalism, divinity, and the arts—and are prepared to do graduate work in English if they so choose. Through their chosen cognate, Regent English majors are also prepared for immediate entry into professions such as writing for publication, public relations, international affairs, business, grant writing, and many more. Totaling 45 credits, the major consists of 18 credits of core courses plus 15 credits of specialty literature courses chosen by the student, in addition to a cognate of the student’s own choosing, consisting of 12 credits.

The Psychology Department offers courses of study to students interested in the study of human behavior and the discipline of psychological science, by offering a major in Psychology, a minor in Psychology, and a certificate in Christian Counseling for Laypeople. An optional emphasis in substance abuse is available. The Department of Psychology seeks to equip non-majors with a broad understanding of the assessment of human behavior while challenging students majoring in Psychology to the comprehensive integration of biological, psychological, social, environmental, developmental and spiritual components in their understanding of human behavior, all grounded in a Christian worldview.

The certificate program in Christian Counseling for Laypeople is designed to enhance the lay counselors’ skills. Through this curriculum, the department seeks to provide students an in-depth understanding about general psychology and counseling techniques so that individuals can be effective in lay settings.

The Major in Psychology

The major in psychology leads to the Bachelor of Science degree while giving students the option of an emphasis in substance abuse. The major seeks to engage students in an in-depth understanding of psychological theory and methodology and to promote critical thinking about the integration between psychological theory and practice within a Biblical worldview. The substance abuse emphasis is designed to help prepare students to be an addictions counselor; it includes an internship that provides practical experience in addictions counseling. Students who complete this emphasis successfully are prepared to sit for a certified addictions counseling license upon graduation. The Psychology major from Regent University affords students many professional opportunities, such as high-level management, substance abuse counseling, social work, human services, personnel training, marketing and sales, and medical related fields, as well as further study at the graduate level.

Religious Studies

Chair: Dr. Matthew E. Gordley

The Religious Studies Department seeks to deepen students’ devotion to Christ by emphasizing the importance of building a strong foundation in the Word of God and a dependence upon the Holy Spirit. The department also strives to equip all students, majors and non-majors, to be able to live and express biblical truth effectively in our postmodern world.

OFF-CAMPUS STUDY OPPORTUNITIES

Summer Study Abroad at Oxford University
Regent’s Summer Study Abroad Program at Oxford University enables students to study at Hertford College of Oxford University while taught by Regent faculty from across Regent University as well as by Oxford tutors. Founded in the thirteenth century, Hertford College is regarded as one of the most beautiful campuses at Oxford. It offers students an ambience of history and academe while they engage in a multi-disciplinary study of politics, business, religion, history, art, and other areas. Topics and courses vary by year; see http://www.regent.edu/acad/undergrad/studyabroad/home.cfm for more information.

Off-Campus Study Programs through the Council for Christian Colleges and Universities
Because Regent University is an affiliate member of the Council for Christian Colleges and Universities (CCCU; www.cccu.org)—an association of over one hundred Christian, liberal arts colleges and universities—a number of travel-abroad or off-campus domestic study opportunities are available for undergraduate students. These programs have been developed by deans and faculty of other Christ-centered, accredited institutions worldwide and offer students either culture-crossing opportunities, through an experience of living and studying abroad, or culture-shaping opportunities, through engaging culture via U.S.-based programs. All of the CCCU programs are taught and led by Christian faculty members who seek both to support and challenge students in their Christian faith and their personal and academic growth. Complete details can be found through www.bestsemester.com. The CCCU study-abroad programs include the following:

In addition to three seminar courses entitled “History and Sociology of Religion in Russia,” “Russian Peoples, Culture, and Literature,” and “Russia in Transition,” students receive instruction in the Russian language, choosing either 4 or 6 semester hours of language coursework. For those choosing 4 hours of Russian, a seminar course, “International Relations and Business in Russia,” is available. RSP strives to give students as wide an experience as possible in this complex nation. Students spend time in Moscow, the heart of both medieval and modern Russia. Students also spend 12 weeks in Nizhni Novgorod, a strategic city on the Volga River. After six weeks of language instruction, students live with a Russian family for the remainder of their stay in this city. Students participate in a service opportunity in Nizhni Novgorod. The program also includes time in the complex and intriguing city of St. Petersburg, the Russian "window to the West." Students earn 16 semester hours of credit.

- **Uganda Studies Program** All students take the USP Seminar (Faith & Action in the Ugandan Context) taught by USP staff. This course includes multiple components of experiential learning including home stays, service projects, and educational travel. Throughout the semester students explore issues of cross-cultural life and use the unique perspective of living in Uganda to take a fresh look at American Christianity. In addition to the USP Seminar, students choose at least 2 of the core courses, which deal with different aspects of African culture including history, politics, religions, and literature. These courses are designed specifically for USP students and taught by Uganda Christian University professors. Students earn 16 semester hours of credit.

The CCCU off-campus programs conducted within the United States include the following:

- **The American Studies Program** is an interdisciplinary, issue-oriented program that explores the meaning of the gospel for contemporary American life as understood through the public policy dynamics at work in the nation’s capital. Students consider policy related to breaking events while also drawing on readings and concepts from a
variety of fields, including political science, economics, history, sociology, ethics, theology, and the policy sciences. The program provides internship opportunities for the diverse majors and career interests of university juniors and seniors. Students live together in the ASP campus apartments, work as voluntary interns, and participate in a seminar program for which they receive full academic credit. Students earn 16 semester hours of credit.

- The Contemporary Music Center provides students with the opportunity to live and work in community while seeking to understand how God will have them integrate music, faith, and business. Both interdisciplinary and multidisciplinary in nature, the CMC offers two tracks: the Artist Track and the Executive Track. The Artist Track is tailored to students considering careers as vocalists, musicians, songwriters, recording artists, performers, producers, and recording engineers. The Executive Track is designed for business, arts management, marketing, communications, and related majors interested in possible careers as artist managers, agents, record company executives, music publishers, concert promoters, and entertainment industry entrepreneurs. Both Artist and Executive track students receive instruction and experience a uniquely Christian perspective on creativity and the marketplace while working together to create and market a recording of original music. Both tracks include course work, labs, directed study, and a practicum. Students earn 16 semester hours of credit.

- The Los Angeles Film Studies Center is designed to train students to serve in various aspects of the film industry with both professional skill and Christian integrity. Each semester, students live, learn, and work in L.A. The curriculum consists of two required seminars, “Hollywood Production Workshop” and “Theology in Hollywood,” focusing on the role of film in culture and the relationship of faith to work in this very influential industry. In addition, students choose one elective course from a variety of offerings in film studies. Internships in various segments of the film industry provide students with hands-on experience. The combination of the internship and seminars allows students to explore the film industry within a Christian context and from a liberal arts perspective. Students earn 16 semester hours of credit, 6 from the internship and 10 from seminar study.

- The Washington Journalism Center is a semester-long study program in Washington, D.C., created for students interested in the field of journalism. It is an advanced, experiential semester on Capitol Hill intended to cultivate professional news skills and encourage students to think through the implications of being a Christian working in the news media in a city that is home to the powerful and the powerless. While in Washington, students take classes focusing on the history and future of the media and how the media relate to the public as they also hone their writing skills. These classes – “Foundations for Media Involvement,” “Reporting in Washington,” and “Washington: News and Public Discourse” – combined with an internship at a top news publication enable students to consider the relationship between the Christian faith and a journalism career. Students also participate in service learning opportunities and live with families in home stays as part of the WJC experience.

The Major in Theater Arts

The Theater Arts undergraduate major is offered in the department of Theater Arts within the School of Communication & the Arts.

It is the primary mission of the Department of Theatre Arts, chaired by Michael Kirkland, Ph.D., to educate and train undergraduate and graduate students to incisively examine and effectively communicate, through intellectual analysis and the realization of live theatrical performance, the great truths of the human condition as perceived through the lens of a Christian worldview.

The study of theatre has had a prominent position in the grand tradition of the liberal arts education since the early years of the twentieth century. Shortly after human beings began to tell stories, they began to impersonate the characters that inhabit those stories. The study of theatre is the study of world history, culture, art, literature, religion, politics—indeed, the human condition. The theatre places humanity under the microscope in real time and in front of a live audience. The great philosophical questions of the ages have been and continue to be explored in dramatic literature and then interpreted in the living crucible of the theatre: “Who are we?” “Why are we here?” “What is our relationship to the cosmos and each other?” “Where do we go after we die?” “Is there a God?” And if so, “What is our relationship with that God?” On a more practical level, an undergraduate course of study in theatre can prepare the student for the more rigorous and focused demands of a graduate degree program, leading to a career in the professional theatre or the academy. Even if an undergraduate theatre major does not go on to a career in theatre, the side benefits are multitudinous in and of themselves: students develop skills in public speaking and vocal production along with physical awareness, grace, agility, poise, the ability to read human behavior, and many skills relevant to careers in public relations, education, law, communication, or
sales—just to name a few. All of these skills and abilities, whether the student completes a major or a minor in theatre, are relevant to a wide variety of professions and will serve the student well over a career, indeed, over an entire life span. The Theater Arts Department also offers masters of arts and masters of fine arts degrees (see Regent Graduate Catalog).

Documentation should be no more than three years old. Diagnosis by an appropriately trained professional is also required. The University Writing Center
The University Writing Center offers free, one-on-one assistance to any Regent student working on an academic writing assignment. The writing center staff follows a coaching model, offering individualized guidance in applying principles of effective writing, rather than focusing purely on “fixing” a paper. In addition, coaches help writers evaluate the source of problems they are encountering by reading segments of the work, eliciting the writer’s ideas, and suggesting solutions.

Coaching Sessions
Coaching sessions are available in person and over the phone, making it feasible for even distance education students to take advantage of our services. Coaching sessions last 45 minutes long, and they focus on any aspect of the assignment, including the following:

- Selecting a topic.
- Making sure a paper is on the right track to fulfill an assignment.
- Establishing a clear thesis sentence.
- Organizing ideas and clarify thoughts.
- Drafting and revising the paper.
• Creating effective and varied sentences.
• Evaluating the logical flow of ideas.
• Discovering effective proofreading strategies.

Throughout the semester, the Writing Center offers workshops to help all students with their writing needs. These workshops are designed to help students to avoid several of the most common errors in writing, to learn how to write papers in the different styles required by the schools at Regent, and to improve the overall structure and presentation of their papers.

Student Housing

On-campus Living

Student Housing is dedicated to providing housing to full-time (9 credits per term), graduate and undergraduate, on-campus students. Two housing facilities are available to serve the housing needs of the Regent student community. Apartments in Regent Village are reserved for graduate students with families. Housing for single and married students without children is available in Regent Commons. Students enrolled in on-line programs or taking the majority of their courses on-line do not qualify to live in student housing.

The largest number of openings in Student Housing usually occurs in late May to early June. In order to secure housing for the Fall term, it is not uncommon for students to take financial responsibility for an apartment during this time. The heaviest demand for apartments usually occurs in August, though there are fewer vacancies during this period. Flexibility in date of occupancy and financial responsibility greatly increase our ability to facilitate each student’s housing needs for both families and single students.

Regent Village has two and three bedroom apartments. The kitchens include refrigerator, stove, garbage disposal, dishwasher (in Phase II there are electric washer/dryer hook-ups). There are laundry facilities, a grilling area, playground,
and basketball court on the premises. Activities for students and their family members are planned by the Village management staff and the Resident Council. The Village also sponsors the Village Youth Sports program which is open to children of the Regent University community. Children participate in soccer, t-ball, and flag football and learn the spirit of teamwork.

- All apartments are unfurnished
- Utilities included in rental rates are water, sewer and garbage. Electricity, phone and cable television are the responsibility of the lessee.
- Pets are not allowed (except birds and fresh water fish)
- Families with children under 10 must live downstairs
- Virginia Law prohibits more than two persons per room
- Children of different genders cannot share a room

**Regent Commons** units are available to single students and married couples without children. The two four-story buildings with elevators are comprised of 206 fully-furnished housing units. The floor plans include studio, one-bedroom, and four-bedroom suites. Regent Commons is conveniently located on campus and easily accessible to all campus facilities.

Apartment amenities include: fully-furnished apartments, all utilities (electricity and water), basic cable television and wireless internet service are also included in the monthly rental rate. The Commons also includes a 24 hour accessible state-of-the-art fitness center, secured buildings with intercom system, and planned social activities. Kitchens include refrigerator, stove/oven, dishwasher, and microwave oven.

**Off-Campus Housing**
The Student Housing office provides information on a number of apartment complexes which are close to the University and offer discounts to Regent students. Please refer to the Student Housing website for this information. For those students who prefer other living alternatives, our office provides an off-campus referral service. This includes listings of rooms, apartments, townhouses, and houses for rent.

For more information on Student Housing visit the website at [www.regent.edu/housing](http://www.regent.edu/housing). For additional information contact the housing office by emailing studenthousing@regent.edu or by telephone at 757-226-4890

**Shuttle Service**
Regent University maintains a shuttle service, which runs between Regent Village and other campus buildings. A schedule is available on the Shuttle Service page of the Student Services website and is also posted at campus shuttle stops.

**INFORMATION TECHNOLOGY**
The Information Technology (IT) Department secures and manages technology to support the university’s academic and administrative mission. Computer users enjoy the benefits of a completely wired campus with a high-speed connection to the Internet. There are computer labs in five of our six buildings on the Virginia Beach campus and one computer lab at the DC Campus (through the academic year 2007-08). Lab computers are equipped with productivity software (Microsoft Office Suite, web publishing software, and other specialized software) as well as Internet access. Network ports are available in multiple locations to facilitate the utilization of notebook PCs for Internet research and communication. Wireless Internet access is available in specific areas in all buildings at the Virginia Beach campus and on all floors at the DC Campus. The IT Department also maintains all university servers and web-enabled services, which enable students to register for classes online, check financial accounts, access electronic information from the University Library, and engage in distance education via the Internet.

The IT Department utilizes the latest technology to support curriculum and departmental needs. Audiovisual equipment is provided and maintained within the Library and classrooms. The IT Department also has the capability to stream video and audio over the Internet and to connect remote teaching sites via video conferencing systems.
**Personal Web Pages**

Upon registration, students are given 10MB of web space and are permitted to have a personal web page housed on Regent’s server. Students may create a web page, use a file transfer process to upload the site to our server, and have access through any Internet connection. Instructions for creating and saving web pages are located at [http://www.regent.edu/it/web/sdrive.cfm](http://www.regent.edu/it/web/sdrive.cfm). The URL for student web pages follows this format: [http://home.regent.edu/username](http://home.regent.edu/username). For example, if a student’s name is Jane Smith and her Regent username is janesmi, then her personal home page URL is [http://home.regent.edu/janesmi](http://home.regent.edu/janesmi). Technical assistance relating to personal home pages is not available from Information Technology. Personal home pages must conform to the University’s web-publishing policy at [http://www.regent.edu/it/web/policies.cfm](http://www.regent.edu/it/web/policies.cfm).

**GRADUATION PROCEDURE**

1. All students desiring to graduate must file a Graduation Application with the Registrar’s Office by: September 15 for December graduation; and December 15 for May or August graduation.
2. The Registrar's Office obtains approval of the Graduation Application from each student’s dean and advisor.
3. Students who are not approved to graduate in the semester stated on the Graduation Application must file another Application in a subsequent semester.
4. The Registrar’s Office issues diplomas and posts degrees on transcripts only when the registrar and the dean have certified that all graduation requirements have been met. These requirements include the following:
   a. Satisfactory completion of all degree requirements as specified in the Catalog for the student’s degree program. Students who have been approved to pursue a degree according to an Individualized Degree Plan must satisfy all course and credit requirements of that plan prior to graduating.
   b. A minimum cumulative GPA of 2.00.
   c. Payment of graduation fee (joint degrees applicants pay two fees) and all university financial obligations, including housing.
5. Students on academic or disciplinary probation will not be allowed to graduate.
COMMENCEMENT

Regent University holds an annual commencement at the end of the spring semester. Students must obtain approval to participate. Students approved to graduate in the spring, summer or fall semesters are strongly encouraged to participate in commencement for the conferring of the degree. Students who are unable to attend should notify the Registrar’s Office in writing at least one month prior to commencement.

All students must have completed all requirements toward graduation prior to participating in commencement. However, due to the uniqueness of some programs and the fact that there is only one commencement yearly, Regent provides the opportunity for students who have not completed all requirements to participate in commencement, if they meet the following criteria:

1. The student has no more than two courses remaining for graduation and these courses must be completed in the summer. The coursework may include an internship or practicum experience, which can also be completed during the summer.
2. Theses, dissertations and portfolios must have been successfully defended or approved before the spring cut-off date (varies by school) and all that remain are final edits.

Students requesting permission to participate in the commencement ceremony who have not completed all graduation requirements but who are eligible to walk under the above criteria must:

1. Receive certification from the dean of the school from which they are graduating that they are eligible to participate in commencement. The school must send certification to the Registrar’s Office by March 1.
2. Receive final written approval from the Registrar’s Office that they are eligible to participate in commencement.
3. Register and pay for coursework during summer registration.

Participating in commencement exercises prior to completing all graduation requirements is a privilege and does not guarantee the student’s right to graduate unless all requirements have been met.
