

# got meals? with a meal card from **Regent Ordinary, you will!**

While student housing residents do have kitchens in their apartments, they don't always have meals available in them! Busy schedules, bare cupboards, and drained bank accounts can mean that a college student's "meals" are reduced to something that would make any mother cringe. By purchasing a meal card for \$75, students can conveniently eat 13 full meals from Regent Ordinary when they don't have the time or resources to cook for themselves.

Meal cards can be purchased in the Regent Ordinary, which is conveniently located in the Student Center.

This offer is only available to students living in student housing.
