

Develop Your Cybersecurity Skills

LEARN ABOUT CYBER DEFENSE

Regent University's Institute of Cybersecurity

2017 AFA CYBERCAMP

July 24-28 | 9 a.m.-1 p.m.

Regent University, Virginia Beach, VA

Cyber education has never been more important, which is why we're offering a week-long camp for students entering grades 9-12.* This special on-campus experience will teach you cyber defense skills through hands-on instruction and activities.

The AFA CyberCamp will culminate in a final team competition that stimulates real cybersecurity situations faced by industry professionals and mimics AFA's CyberPatriot National Youth Cyber Defense Competition.

SPACE IS LIMITED. REGISTER TODAY!
