Growth & Decline of Database Usage

Note: At the beginning of 2008-2009 statistics record keeping switched from statistics supplied by the vendor to a hit-based method through the Library's WAM System. This insures that the number of hits will be consistent with the number of actual logins, not to hits on a page within specific databases.

Growth and Decline of Database Usage will continue in the Statistical Report Summary for 1st and 2nd quarters of 2008-2009.
