Dear Mary:

Please print the email for Craig’s file. Thanks!

Jeff

Subject: REPORT OF SABBATICAL ACTIVITIES, Professor Craig A. Stern, Spring Semester 2012

The University granted this sabbatical leave to enable me to research and write publishable legal scholarship, the expected results being “very significant progress on publishing an article that will enrich my teaching and further the mission of the Law School to affect the legal culture.”

My work during this sabbatical produced “The Heart of Mens Rea and the Insanity of Psychopaths,” an effort to recover fundamentally a Christian view of the criminal law. A copy accompanies this report. May I suggest that this work fulfills the expectation for the sabbatical leave.

Again, my thanks for granting me this leave.
