

HOW TO... Site Supervisor PDCA-R Evaluation Assignment

1. Log into ELC (formerly Tevera) at <https://regent.lumivero-elc.app/>.
2. Click on the “Complete Assignments” button on the bottom left side of the screen.
3. Look for the heading related to your practicum or internship class.
4. Click on the assignment related to the PDCA-R Evaluation your site supervisor will need to complete.
5. Click on “Start.” In the popup box, click on the drop down menu next to “Person that completes assignment” and choose your Site Supervisor, and make sure your Site Supervisor is also chosen to sign it, and you are the only option to sign as the student.
6. Ask your site supervisor to do the following:
 - a. Log into ELC (formerly Tevera).
 - b. Click on the envelope button in the upper right corner of the screen, it should show that a message is waiting.
 - c. Click on the message that asks him/her to complete the PDCA-R.
 - d. Click on the link for the evaluation, under Related Records/Documents.
 - e. Complete the evaluation (anything in red is required). **NOTE:** *the person being rated is the student, the supervisor is the rater and the date range for observation will be the dates of the semester.*
 - f. Click on the yellow tab labeled “Sign here” and use your login password to sign the document. Alternatively, you can click on the pen button and use your mouse to draw your signature. **NOTE:** *If you skipped any of the required items, you will not be able to sign until those are completed.*
7. Ask your supervisor to let you know when he/she has completed and signed the evaluation.
8. Log into ELC (formerly Tevera).
9. Click on the envelope button in the upper right corner of the screen, it should show that a message is waiting.
10. Click on the link for the evaluation, located under “Related Records/Documents.”
11. Scroll down to review your supervisor’s ratings and comments.
12. Click on the yellow tab labeled “Sign here” and use your login password to sign the document. Alternatively, you can click on the pen button and use the mouse to draw your signature.
