- **www.groupon.com**- find great deals for the Hampton Roads area (and many other locations too!)
Beach:
There are many beaches in the area, some more crowded than others. The quickest way to get to the main beach is to take I-64 West to 264 East to the end (that should put you onto 24th St.). The strip has all sorts of tourist type shops on Atlantic Ave. (where 264 East ends). There are a large variety of hotels as well as many nice (pricey and reasonable) restaurants.
  • You can rent roller blades, bikes, motor scooters, and jet skis from a number of different venders and shops.
  • If you have some romantic flavor in you, you can take your significant other for a stroll on the sandy shore. There are miles of beach to walk. And, if you just want to hang out, you can sit on the boardwalk benches and watch people go by.
  • One word of caution, it’s probably not a good idea to hang out on the main strip late at night, especially if you’re alone or female. The crowd tends to be a bit wilder in some spots even though the police patrol the area. Parking tickets are given out if you don’t have a VA Beach resident sticker. There are some spots where you can park for free-just make sure you read the signs near the curbs. These spots tend to be away from the main strip (i.e., near the Sheraton Hotel area).
  • The city of VA. Beach sponsors many events at the beach during the summer (i.e., music, fireworks, etc.). A good place to find out what’s happening is the local newspaper and its inserts.
